Arabic To English Teaching Guide:

Teaching English to Young Arabic Speakers Irma-Kaarina Ghosn, 2022-11-03 The book explores young Arabic speaking children's English language learning Through classroom based research and learner work samples the book analyses the interplay between cultural norms and the critical role that teachers play in orchestrating classroom discourse through skillful use of available instructional materials questioning strategies and feedback to learners The author shows the potential of instructional materials to influence young learners vocabulary reading comprehension and written production as well as the way they acquire the academic literacies needed in school subjects taught in English She reviews the spread of the practice of teaching English to young and very young children and the increasing demand for English medium instruction in the Arabic speaking region with a particular focus on the negative transfer from Arabic to English spelling and grammar The book also discusses the importance of story narratives arguing they are an ideal medium for language teaching because of their rich linguistic repertoire and the strong motivational force that stories have on young language learners and their cognitive growth essential to their later academic success Taken together the research findings and classroom vignettes suggest that children's language learning happens within a complex system of interactive variables and cultural norms and expectations Resources in Education ,2000-04

Difficulties in Arabic-English Translation Omar Jabak, 2019-02-25 The book aims to explore the linguistic and cultural difficulties experienced by Saudi undergraduate students when they carry out translation from Arabic into English Besides it attempts to provide possible reasons behind these difficulties and offer some practical solutions to overcoming them Language Education Policy: The Arab Minority in Israel M. Amara, Abd Al-Rahman Mar'i, 2005-12-11 In this book we will explore in more detail some aspects of the Arab Jewish divide which raise fundamental questions regarding the place of the Arabs and Arab language education in the Jewish State More specifically the aim of this book is to describe and analyze language education in the Arab society in Israel from the establishment of the state in 1948 until today For this purpose internal processes which are embedded within the Arab population itself were examined such as the socio economic condition of the population the diglossic situation in the Arabic language and the wide use of Hebrew among Arabic speakers Furthermore the book also deals with external processes such as the policy of control and inspection of the Ministry of Education over the Arab education system in general and on language education in particular the dominance of Hebrew and the definition and perception of Israel as a Jewish State The influence of both internal and external processes on language education and learning achievements will also be extensively discussed

ENGLISH Pronunciation, Intonation and Accent Reduction for ARABIC Speakers Peggy Tharpe, 2016-04-22 This is a revolutionary approach by an experienced innovative teacher There are no canned ideas copied from internet websites here Everything in this guide all the techniques strategies teaching tips and practice exercises evolved from decades of experience teaching Arabic speaking students of English They are a result of years of trial and error collegial conversation and debate

and extensive research This guide outlines the interference points between Arabic and English Some of them are vowel and consonant sounds and others are related to syllable stress word stress and intonation There is a big difference in the function of vowels in our two languages and the role they play in defining words stress patterns rhythm and tone Once you understand how American English and Arabic sound systems compare you ll know where the two converge and diverge It s the areas of divergence that need attention and that is what is covered in this guide TOPICS INCLUDED Comparing Arabic and English vowel and consonant systems Strategies for teaching English vowels and consonants Comparing the structure of Arabic and English words Soundprints How to teach the internal rhythm of English words Comparing stress and rhythm in Arabic and English Teaching to the Brain Teaching to the Body Arabic and English Intonation Patterns Resources and Materials If you ve been surfing the net and seeing the same things over and over but not getting any further along in your teaching success with Arabic students of English then it s time for a new perspective If you are thinking of becoming an accent coach you absolutely should read this guide and learn these techniques ABOUT THE AUTHOR Peggy Tharpe teaches English and specializes in pronunciation and prosody the sounds stress rhythm and tones of English speech In this guide she shares what she knows about the sound systems of English and Arabic and the instruction and study methods that work best for adults and young adults This guide covers not just what to work on but why it s a persistent problem for your students and how to help them become more intelligible more comprehensible and at the higher levels more fluid and fluent Get this guide and find out how to help your Arabic students reach their goals of communicating more easily and fluency in English

Handbook for Arabic Language Teaching Professionals in the 21st Century Kassem M. Wahba, Zeinab A. Taha, Liz England, 2013-04-15 This landmark volume offers an introduction to the field of teaching Arabic as a foreign or second language Recent growth in student numbers and the demand for new and more diverse Arabic language programs of instruction have created a need that has outpaced the ability of teacher preparation programs to provide sufficient numbers of well qualified professional teachers at the level of skill required Arabic language program administrators anticipate that the increases in enrollment will continue into the next decades More resources and more varied materials are seriously needed in Arabic teacher education and training The goal of this Handbook is to address that need The most significant feature of this volume is its pioneer role in approaching the field of Arabic language teaching from many different perspectives It offers readers the opportunity to consider the role status and content of Arabic language teaching in the world today The Handbook is intended as a resource to be used in building Arabic language and teacher education programs and in guiding future academic research Thirty four chapters authored by leaders in the field are organized around nine themes Background of Arabic Language Teaching Contexts of Arabic Language Teaching Communicative Competence in Arabic The Learners Assessment Technology Applications Curriculum Development Design and Models Arabic Language Program Administration and Management and Planning for the Future of Arabic Language Learning and Teaching The Handbook for Arabic Language Teaching Professionals in the 21st Century will benefit and be welcomed by Arabic language teacher educators and trainers administrators graduate students and scholars around the world It is intended to create dialogue among scholars and professionals in the field and in related fields dialogue that will contribute to creating new models for curriculum and course design materials and assessment tools and ultimately better instructional effectiveness for all Arabic learners everywhere in both Arabic speaking and non Arabic speaking countries

Effectiveness of teachers' guides in the Global South Benjamin Piper, Yasmin Sitabkhan, Jessica Mejia, Kellie Betts, 2018-05-10 This report presents the results of RTI International Education's study on teachers guides across 13 countries and 19 projects Using quantitative and qualitative methods we examine how teachers guides across the projects differ and find substantial variation in the design and structure of the documents We develop a scripting index so that the scripting levels of the guides can be compared across projects The impact results of the programs that use teachers guides show significant impacts on learning outcomes associated with approximately an additional half year of learning showing that structured teachers guides contribute to improved learning outcomes During observations we find that teachers make a variety of changes in their classroom instruction from how the guides are written showing that the utilization of structured teachers guides do not create robotic teachers unable to use their own professional skills to teach children Unfortunately

many changes that teachers make reduce the amount of group work and interactivity that was described in the guides suggesting that programs should encourage teachers to more heavily utilize the instructional routines designed in the guide The report includes a set of research based guidelines that material developers can use to develop teachers guides that will support effective instructional practices and help improve learning outcomes The key takeaway from the report is that structured teachers guides improve learning outcomes but that overly scripted teachers guides are somewhat less effective than simplified teachers guides that give specific guidance to the teacher but are not written word for word for each lesson in the guide
