Around Abhinavagupta Intellectual Geschichte Zentralasiens:

Around Abhinavagupta Eli Franco, Isabelle Ratié, 2016 Abhinavagupta is undoubtedly the most famous Kashmirian medieval intellectual his decisive contributions to Indian aesthetics Saiva theology and metaphysics and to the philosophy of the subtle and original Pratyabhijna system are well known Yet so far his works have often been studied without fully taking into account the specific historical social artistic religious and philosophical context in which they are embedded The purpose of this book is to show that this intellectual background is no less exceptional than Abhinavagupta himself Series Leipzig Studies on the Culture and History of South and Central Asia Leipziger Studien zu Kultur und Geschichte Sud und Zentralasiens Vol 6 Subject History Abhinavagupta India Studies Religious Studies The Ubiquitous Siva Volume II John Nemec, 2021-03-18 This is a sequel to a volume published in 2011 by OUP under the title The Ubiquitous Siva Som nanda sivad i and his Tantric Interlocutors The present volume presents the fourth chapter of the sivad i and sivad iv tti and addresses a fresh set of issues that engage a distinct family of opposing schools and authors of mainstream Indian philosophical traditions Som nanda challenges his philosophical interlocutors with a single over arching argument he suggests that their views cannot cohere they cannot be explained logically unless their authors accept the aiva non duality for which he advocates The Ubiquitous Siva Volume II offers the first English translation critical edition and commentary of Chapter Four of the sivad i and sivad iv tti The Bloomsbury Research Handbook of Indian Philosophy of Language Alessandro Graheli, 2020-03-19 The Bloomsbury Research Handbook of Indian Philosophy of Language presents a systematic survey of philosophy of language in the Indian tradition providing an up to date research resource for better understanding the history and future direction of the field Each chapter addresses a particular philosophical problem from the viewpoint of seminal traditions and specific thinkers Covering the philosophical insight on language found in the mainstream philosophies of Vyakarana Mima sa Nyaya Vedanta Buddhism and Alankarasastra the chapters tackle crucial semantic and pragmatic questions such as the relation of the speaker to reality the use of metalanguage the distinction between sentences elliptic statements and figurative usages and the impact of textual structures on the philosophical message Complete with further reading suggestions and an annotated bibliography this collection makes an important contribution to both Eastern and Western contemporary philosophy of language **The 'Bedes' of Bengal** Carmen Brandt , 2018 In the Bengali speaking regions of Bangladesh and India the Bengali term bede today often evokes stereotypical imaginations of itinerant people Of highly contested origin the term has in the last two hundred years become the pivotal element for categorising and portraying diverse service nomads of the Bengal region Besides an analysis of their portrayal in ethnographic and Bengali fictional literature this book traces causes reasons and processes that have led to an increasing perception of these so called Bedes as being ethnically different from the sedentary majority population **Retelling Time** Shonaleeka Kaul, 2021-09-16 Retelling Time challenges the hegemony of colonial modernity over academic disciplines and over ways in which we think

about something as fundamental as time It reclaims a bouquet of alternative practices of time from premodern South Asia which stem from worldviews that have been marginalized These practices relate to a range of classical and vernacular genres including ala k ra therav da yoga r makath tasawwuf y ra ga pur a trik tantra navya ny ya pratyabhij carita k y am and ma gala k vya These represent multiple languages such as Sanskrit Persian Pali Prakrit Awadhi Malayalam Kannada and Bengali as well as diverse streams from Hinduism Jainism Buddhism and Sufi Islam to logic yoga tantra theatre and poetics Retelling Time questions the modern Eurocentric belief in an empty homogenous abbreviated secular and irreversible time It proposes instead that that premodern South Asia invested time with cultural function and value which ranged from the contingent to the transcendent the quotidian to the cosmic the fleeting to the eternal and the social to the spiritual Accordingly time was reworked stretched melded collapsed recursed rolled over and even extinguished Sacred social aesthetic scientific fictional historical and performative South Asian traditions are seen here in conversation with one other mediated by an ethical paradigm Their collective challenge is to decolonize our ways of knowing and being This book will be of interest to scholars of South Asian history philosophy of history anthropology literature Sanskrit post colonial studies cultural studies studies of temporality and of the Global South
