Around The World The Atlas For Today

Marcia Foley, Jan Janikoun

Around The World The Atlas For Today:

Around the World Ben Knight, 2013 Looking through an atlas has always been a fascinating way to explore the world Around the World is a contemporary evolution of an atlas tailored to our information age With eye catching graphics current topics and clear texts the book is for anyone who is curious about the state of our planet and how we live today Alongside classic facts about nature history population culture and politics Around the World s compelling information graphics thoroughly explain complex processes that impact our lives such as global trade and changing demographics The book gives added insight into our modern world through its visual exploration of subjects such as eating habits overfishing and internet providers as well as events that have left indelible marks on our collective conscience including September 11 the Olympic Games Japan s Fukushima disaster and the sinking of the Titanic Enthralling attractive and revealing Around the World is a rich cornucopia of information about local peculiarities of global relevance that bring home the little differences as well as the astoundingly large similarities among the citizens of our world
