Art Cultural Heritage And The Law Cases And Materials:

Art, Cultural Heritage, and the Law Patty Gerstenblith, 2008 *Art Cultural Heritage and the Law* is one of the first legal casebooks to address the rapidly emerging fields of art and cultural heritage law utilizing an interdisciplinary approach. This book addresses artists' rights, freedom of expression, copyright, moral rights, and rights in architectural works and historic preservation. It covers the functioning of the art market, dealers and auction houses, warranties of quality and authenticity, transfer of title, and recovery of stolen art works. It also covers the role of museums and finally cultural heritage, the fate of art works and cultural objects in time of war, the international trade in art works and cultural objects, the archaeological and underwater heritage of the United States and indigenous cultures, focusing on restitution of Native American cultural objects and human remains and appropriation of indigenous culture. The new edition, available summer 2008, will retain the basic structure of the first edition while updating case law, policies, and events. It will include recent materials and developments such as new cases: *Malevich v City of Amsterdam*, resolution of the Barnes dispute, recent deaccessioning disputes, *Iran v Barakat*, *U.S. v Ligon*, recent restitutions of ancient art works from US museums to Italy and other countries, and new museum policies. There will also be an expansion of treatment of underwater cultural heritage, historic preservation, and archaeological resources.

Art, Cultural Heritage, and the Law Patty Gerstenblith, 2012 *Art Law* Leonard D. DuBoff, Michael D. Murray, 2017-03-29 *Art Law Cases and Materials* Second Edition offers a timely and panoramic view of the entire field of law. Designed as a primary text for courses on Law and the Visual Arts, Cultural Property Law, or Cultural Heritage Law, the three-part framework of this highly readable casebook explores Artists' Rights, Art Markets, and the International Preservation of Art and Cultural Property. *Art, Cultural Heritage and the Market* Valentina Vadi, Hildegard E. G. S. Schneider, 2014-01-27 In the age of economic globalisation, do art and heritage matter? Once the domain of elitist practitioners and scholars, the governance of cultural heritage and the destiny of iconic artefacts have emerged as the new frontier of international law, making headlines and attracting the varied interests of academics and policy makers, museum curators and collectors, human rights activists and investment lawyers, and artists and economists, just to mention a few. The return of cultural artefacts to their legitimate owners, the recovery of underwater cultural heritage, and the protection and promotion of artistic expressions are just some of the pressing issues addressed by this book. Contemporary intersections between art, cultural heritage, and the market are complicated by a variety of ethical and legal issues which often describe complex global relations. Should works of art be treated differently from other goods? What happens if a work of art currently exhibited in a museum turns out to have originally been looted? What is the relevant legal framework? What should be done with ancient shipwrecks filled with objects from former colonies? Should such objects be kept by the finders? Should they be returned to the country of origin? This book addresses these different questions while highlighting the complex interplay between legal and ethical issues in the context of cultural governance. The approach is mainly legal, but interdisciplinary aspects are considered as well. **The Routledge**
