Art And Artists Of Twentieth Century China:

Art and Artists of Twentieth-century China Michael Sullivan, 1996 This visually stunning book focuses on the rebirth of Chinese art in the twentieth century under the influence of Western art and culture Sullivan discusses artists and their work against China's background of oppression and relaxation despair and hope *Art and Artists of Twentieth-Century China* Michael Sullivan, 2023-12-22 This visually stunning book focuses on the rebirth of Chinese art in the twentieth century under the influence of Western art and culture Michael Sullivan recognized throughout the world as a leading scholar of Chinese art vividly documents the conflicting pulls of traditional and Western values on Chinese art and provides 364 illustrations in color and black and white to show the great range of artistic expression and the historical processes that occurred within various movements A substantial biographical index of twentieth century Chinese artists is a valuable addition to the text Sullivan discusses artists and their work against China's background of oppression and relaxation despair and hope He expertly conveys the diverse and at times bizarre intertwining of Chinese cultural history and art during this century Included are the intense debates between traditionalists and reformers the creation of the first art schools and the birth of the idea shocking in ethnocentric China that art is a world language that obliterates all frontiers The scholarly traditions of classical Chinese painting the belated discovery of Western modernism the artistic upheaval under Communism and China's rethinking of the very nature of art all have a place in Sullivan's fascinating history Michael Sullivan has known many of the major figures in China's modern art movement of the 1930s and 1940s and has also gained the confidence of younger artists who rose to prominence following the 1979 Peking Spring This long awaited book richly documented and abundantly illustrated is a capstone to Sullivan's work and will be enthusiastically welcomed by art lovers everywhere *An Index to Reproductions of Paintings by Twentieth-Century Chinese Artists* Ellen Johnston Laing, 2021-01-19 In the second half of the twentieth century studies in Chinese painting history have been greatly aided by several major lists of Chinese artists and their works Published between 1956 and 1980 these lists were limited to Imperial China The current index covers the period from 1912 to around 1980 It includes the names of approximately 3 500 traditional style artists along with lists of their works reproduced in some 264 monographs books journals and catalogs published from the 1920s to around 1980 With a few exceptions artists working after 1949 outside continental China are excluded Revised Edition 1998 first published by the Asian Studies Program University of Oregon 1984 *A Century in Crisis* Julia Frances Andrews, Kuiyi Shen, Jonathan D. Spence, 1998 Between 1850 and today China has undergone an unprecedented series of shocks and transformations Published to accompany an exhibition at the Guggenheim Museum this book systematically explores 150 years of artistic production in China **The Arts of China** Michael Sullivan, 1999 Sullivan has thoroughly revised this classic history of Chinese art which covers the period from Neolithic times to the 1990s 224 photos 164 color illustrations 14 maps Modern Chinese Artists Michael Sullivan, 2006-04-03 An important reference source for scholars and students of modern Chinese art

collectors museums and libraries dealers and auction houses It includes biographical entries for approximately 800 Chinese artists who grew up or were trained in China and who are likely to be represented in collections exhibitions and auctions within and outside China

20th Century Korean Art 권영나, Yŏng-na Kim, 2005 In recent years the increase in interest in Asian art has led to a number of books being published about Japanese and Chinese artists However the exciting Korean scene is still largely undocumented Now Kim YoungNa reveals Korean modern and contemporary artists to the West

Twentieth Century Korean Art provides a comprehensive engaging survey that places emphasis on art historical narratives It draws on primary sources and historical artefacts as well as on new interpretations of issues such as the identity of Korean art and the cultural ramifications of Japanese colonialism Covering over one hundred year from the late 19th century through to the 1990s the essays in this book examine how both external influences and wills to change within Korean society itself generated an artistic vitality against a shifting political social and cultural backdrop and how this necessarily involved East Asia at large and the West

Odyssey of Culture Yan Zhou, 2015-03-11 This book is the first case study on Wenda Gu that systematically investigates the cultural and artistic context of his life and works examining selected images of his artwork spanning from the late 1970s to the early 21st century It is the first monograph to provide a comprehensive and profound study of a Chinese contemporary artist In the 1980s the School of Hermeneutics attempted to launch a discursive revolution Vanguard artists believed that the visual art revolution was an integral part of the critique of culture because it tended to subvert and rebuild the cultural tradition at a discursive level This book using a case study on Wenda Gu as representative of Chinese avant garde investigates the centrality of culture in art providing readers with insights on the origin rationale and methodology of Chinese contemporary art

China—Art—Modernity David Clarke, 2019-01-22 China Art Modernity provides a critical introduction to modern and contemporary Chinese art as a whole It illuminates what is distinctive and significant about the rich range of art created during the tumultuous period of Chinese history from the end of Imperial rule to the present day The story of Chinese art in the twentieth and twenty first centuries is shown to be deeply intertwined with that of the country's broader socio political development with art serving both as a tool for the creation of a new national culture and as a means for critiquing the forms that culture has taken The book's approach is inclusive In addition to treating art within the Chinese Mainland itself during the Republican and Communist eras for instance it also looks at the art of colonial Hong Kong Taiwan and the Chinese diaspora Similarly it gives equal prominence to artists employing tools and idioms of indigenous Chinese origin and those who engage with international styles and contemporary media In this way it writes China into the global story of modern art as a whole at a moment in intellectual history when Western centred stories of modern and contemporary culture are finally being recognized as parochial and inadequate Assuming no previous background knowledge of Chinese history and culture this concise yet comprehensive and richly illustrated book will appeal to those who already have an established interest in modern Chinese art and those for whom this is a novel topic It will be of

particular value to students of Chinese art or modern art in general but it is also for those in the wider reading public with a curiosity about modern China At a time when that country has become a major actor on the world stage in all sorts of ways accessible sources of information concerning its modern visual culture are nevertheless surprisingly scarce As a consequence a fully nuanced picture of China's place in the modern world remains elusive China Art Modernity is a timely remedy for that situation Here is a book that offers a comprehensive account of the dizzying transformations of Chinese art and society in the twentieth and twenty first centuries Breaking free of conventional dichotomies between traditional and modern Chinese and Western that have hobbled earlier studies Clarke's highly original book is exactly what I would assign my own students Anyone eager to understand developments in China within the global history of modern art should read this book Robert E Harrist Jr Columbia University Clarke's book presents a critically astute mapping of the arts of modern and contemporary China It highlights the significance of urban and industrial contexts migration diasporas and the margins of the mainland while imaginatively seeking to inscribe its subject into the broader story of modern art A timely and reliable intervention and indispensable for the student and non specialist reader Shane McCausland SOAS University of London

Art History, Narratology, and Twentieth-Century Chinese Art Lian Duan, 2023-07-28 This study constructs a framework of narratology for art history and rewrites the development of twentieth century Chinese art from a narratological perspective Theoretically and methodologically oriented this is a self reflective meta art history studying the art historical narratives while narrating the story of modern and contemporary Chinese art Thus this book explores the three layers of narrative within the narratological framework the first hand fabula the secondary narration and the tertiary narrativization With this tertiary narrativization the reader author presents three types of narrative the grand narrative of the central thesis of this book the middle range narrative of the chapter theses and case analyses supporting these theses The focus of this tertiary narrativization is the interaction between Western influence on Chinese art and the Chinese response to this influence The central thesis is that this interaction conditioned and shaped the development of Chinese art at every historical turning point in the twentieth century The book will be of interest to scholars working in art history critical theory Chinese studies and cultural studies
