Art And Love In Renaissance Italy:

Art and Love in Renaissance Italy Metropolitan Museum of Art (New York, N.Y.), Kimbell Art Museum, 2008 Many famous artworks of the Italian Renaissance were made to celebrate love marriage and family They were the pinnacles of a tradition dating from early in the era of commemorating betrothals marriages and the birth of children by commissioning extraordinary objects maiolica glassware jewels textiles paintings that were often also exchanged as gifts This volume is the first comprehensive survey of artworks arising from Renaissance rituals of love and marriage and makes a major contribution to our understanding of Renaissance art in its broader cultural context The impressive range of works gathered in these pages extends from birth trays painted in the early fifteenth century to large canvases on mythological themes that Titian painted in the mid 1500s Each work of art would have been recognized by contemporary viewers for its prescribed function within the private domestic domain BOOK JACKET **Art and Love in Renaissance Italy** Beverly Louise Brown, 2013

Art and Love in Renaissance Italy Andrea Bayer, Metropolitan Museum of Art (New York, N.Y.), Kimbell Art Museum, 2008 Many famous artworks of the Italian Renaissance were made to celebrate love marriage and family They were the pinnacles of a tradition dating from early in the era of commemorating betrothals marriages and the birth of children by commissioning extraordinary objects maiolica glassware jewels textiles paintings that were often also exchanged as gifts This volume is the first comprehensive survey of artworks arising from Renaissance rituals of love and marriage and makes a major contribution to our understanding of Renaissance art in its broader cultural context The impressive range of works gathered in these pages extends from birth trays painted in the early fifteenth century to large canvases on mythological themes that Titian painted in the mid 1500s Each work of art would have been recognized by contemporary viewers for its prescribed function within the private domestic domain BOOK JACKET **Art and Love in Renaissance Italy** , Venus and the Arts of Love in Renaissance Florence Rebekah Compton, 2021-03-11 In this volume Rebekah Compton offers the first survey of Venus in the art culture and governance of Florence from 1300 to 1600 Organized chronologically each of the six chapters investigates one of the goddess s alluring attributes her golden splendor rosy hued complexion enchanting fashions green gardens erotic anatomy and gifts from the sea By examining these attributes in the context of the visual arts Compton uncovers an array of materials and techniques employed by artists patrons rulers and lovers to manifest Venusian virtues Her book explores technical art history in the context of love s protean iconography showing how different discourses and disciplines can interact in the creation and reception of art Venus and the Arts of Love in Renaissance Florence offers new insights on sight seduction and desire as well as concepts of gender sexuality and viewership from both male and female perspectives in the early modern era **Painted Palaces: The Rise of Secular Art in Early Renaissance Italy** , 2009 Even many Renaissance specialists believe that little secular painting survives before the late fifteenth century and its appearance becomes a further argument for the secularizing of art This book asks how history changes when a longer record

of secular art is explored It is the first study in any language of the decoration of Italian palaces and homes between 1300 and the mid Quattrocento and it argues that early secular painting was crucial to the development of modern ideas of art Of the cycles discussed some have been studied and published but most are essentially unknown A first aim is to enrich our understanding of the early Renaissance by introducing a whole corpus of secular painting that has been too long overlooked Yet Painted palaces is not a study of iconography In examining the prehistory of painted rooms like Mantegna's Camera Picta the larger goal is to rethink the history of early Renaissance art

Music and Performance in the Later Middle Ages E.

Domestic Devotions in Early Modern Italy,2018-11-01 Domestic Devotions in Early Modern Italy illuminates the vibrancy of spiritual beliefs and practices which profoundly shaped family life in this era Scholarship on Catholicism has tended to focus on institutions but the home was the site of religious instruction and reading prayer and meditation communal worship multi sensory devotions contemplation of religious images and the performance of rituals as well as extraordinary events such as miracles Drawing on a wide range of sources this volume affirms the central place of the household to spiritual life and reveals the myriad ways in which devotion met domestic needs The seventeen essays encompass religious history the histories of art and architecture material culture musicology literary history and social and cultural history Contributors are Erminia Ardissino Michele Bacci Michael J Brody Giorgio Caravale Maya Corry Remi Chiu Sabrina Corbellini Stefano Dall'Aglio Marco Faini Iain Fenlon Irene Galandra Cooper Jane Garnett Joanna Kostylo Alessia Meneghin Margaret A Morse Elisa Novi Chavarria Gervase Rosser Zuzanna Sarnecka Katherine Tycz and Valeria Viola

The Early Modern Italian Domestic Interior, 1400-1700 Erin J. Campbell,Stephanie R. Miller,Elizabeth Carroll Consavari,2016-03-23 Emphasizing on the one hand the reconstruction of the material culture of specific residences and on the other the way in which particular domestic objects reflect shape and mediate family values and relationships within the home this volume offers a distinct contribution to research on the early modern Italian domestic interior Though the essays mainly take an art historical approach the book is interdisciplinary in that it considers the social implications of domestic objects for family members of different genders age and rank as well as for visitors to the home By adopting a broad chronological framework that encompasses both Renaissance and Baroque Italy and by expanding the regional scope beyond Florence and Venice to include domestic interiors from less studied centers such as Urbino Ferrara and Bologna this collection offers genuinely new perspectives on the home in early modern Italy

How to Make the Body Jennifer Creech,Thomas O. Haakenson,2022-05-05 How to Make the Body Difference Identity and Embodiment brings together contemporary and historical readings of the body exploring the insights and limits of established and emerging theories of difference identity and embodiment in a variety of German contexts The engaging contributions to this volume utilize and

challenge cutting edge approaches to scholarship on the body by putting these approaches in direct conversation with canonical texts and objects as well as with lesser known yet provocative emerging forms To these ends the chapter authors investigate the body through detailed studies across a wide variety of disciplines and modes of expression from advertising aesthetics and pornography to social media scientific experimentation and transnational cultural forms Thus this volume showcases the ways in which the body as such cannot be taken for granted and surmises that the body continues to undergo constant and potentially disruptive diversification and transformation
