Art Practice As Research Inquiry In The Visual Arts:

Art Practice as Research Graeme Sullivan, 2010 Art Practice as Research Second Edition continues to present a compelling argument that the creative and cultural inquiry undertaken by artists is a form of research. The text explores themes, practices, and contexts of artistic inquiry and positions them within the discourse of research. Sullivan argues that legitimate research goals can be achieved by choosing different methods than those offered by the social sciences. The common denominator in both approaches is the attention given to rigor and systematic inquiry. Artists emphasize the role of the imaginative intellect in creating, criticizing, and constructing knowledge that is not only new but also has the capacity to transform human understanding.

Art Practice as Research Graeme Sullivan, 2005 This book will publish in a new edition on December 1, 2009. We are no longer supplying instructors with complimentary review copies of this edition. If you need an urgent desk copy of the existing edition for a class this semester, please call 1 800 818 7243 and we will be pleased to process your request.

In this rich and layered reflection on visual arts practice as research, Graeme Sullivan launches a passionate and convincing case that rewrites the definitions of art and research as it unapologetically claims for the visual arts the respect and admiration of the academy.

Jessica Hoffman Davis, Harvard University

Art Practice as Research Inquiry in the Visual Arts presents a compelling argument that the creative and cultural inquiry undertaken by artists is a form of research. The text explores themes, practices, and contexts of artistic inquiry and positions them within the discourse of research. Author Graeme Sullivan argues that legitimate research goals can be achieved by choosing different methods than those offered by the social sciences. The common denominator in both approaches is the attention given to rigor and systematic inquiry. Artists emphasize the role of the imaginative intellect in creating, criticizing, and constructing knowledge that is not only new but also has the capacity to transform human understanding. The book is divided into three content areas that provide a unique framework for carrying out inquiry in the visual arts.

Contexts for Visual Arts Research is a historical review that positions the visual arts as a culturally grounded and institutionally bound area of artistic and educational inquiry.

Theorizing Visual Arts Practice presents the thesis that visual arts practice is a theoretically robust area of inquiry and a transformative approach to creating and critiquing knowledge.

Visual Arts Research Practices describes a range of strategies and approaches to planning and carrying out visual arts research.

is a historical review that positions the visual arts as a culturally grounded and institutionally bound area of artistic and educational inquiry.

Art Practice as Research is perfectly suited as a text for courses in art education, the visual arts, as well as general research methods courses in education and the humanities. This will also be an invaluable reference for anyone with an interest in interdisciplinary research in the social sciences and the role of imaginative inquiry in human understanding.

A blog by Graeme Sullivan welcoming contributors interested in discussing ideas and sharing information about art as a form of research.

Praise for this text: Sullivan challenges our assumptions about what constitutes research practices and in doing so presents a ground-breaking analysis for visual arts practice as research.

This compelling image text book opens the possibilities for the construction of new forms of knowledge in our increasingly visual world Dipti Desai New York University Sullivan provides a timely and excellent introduction to the emerging field of visual cognition and educational research Pradeep A Dhillon University of Illinois Art Practice as Research is long overdue Graeme Sullivan eloquently crafts a methodology text and articulates for contemporary visual artist researchers how arts practices are in fact rich forms of research inquiry Rita L Irwin University of British Columbia Canada Sullivan s text is an important addition to the literature associated with research critical inquiry and arts education I wish that such a text would have been available at the time that I was working on my dissertation I will recommend it to my graduate students and colleagues Doug Blandy University of Oregon Art Practice moves through a description of accepted methods of research in the sciences A person interested in art research would be well served by the foundation Sullivan provides COMMUNICATION RESEARCH TRENDS **Practice as Research in the Arts** Robin Nelson,2013-03-03 At the performance turn this book takes a fresh how to approach to Practice as Research arguing that old prejudices should be abandoned and a PaR methodology fully accepted in the academy Nelson and his contributors address the questions students professional practitioner researchers regulators and examiners have posed in this domain *Art Practice in a Digital Culture* Hazel Gardiner,Charlie Gere,2016-04-15 Much as art history is in the process of being transformed by new information communication technologies often in ways that are either disavowed or resisted art practice is also being changed by those same technologies One of the most obvious symptoms of this change is the increasing numbers of artists working in universities and having their work facilitated and supported by the funding and infrastructural resources that such institutions offer This new paradigm of art as research is likely to have a profound effect on how we understand the role of the artist and of art practice in society In this unique book artists art historians art theorists and curators of new media reflect on the idea of art as research and how it has changed practice Intrinsic to the volume is an investigation of the advances in creative practice made possible via artists engaging directly with technology or via collaborative partnerships between practitioners and technological experts ranging through a broad spectrum of advanced methods from robotics through rapid prototyping to the biological sciences **Art, Research, Philosophy** Clive Cazeaux,2017-04-11 Art Research Philosophy explores the emergent field of artistic research art produced as a contribution to knowledge As a new subject it raises several questions What is art as research Don t the requirements of research amount to an imposition on the artistic process that dilutes the power of art How can something subjective become objective What is the relationship between art and writing Doesn t description always miss the particularity of the artwork This is the first book length study to show how ideas in philosophy can be applied to artistic research to answer its questions and to make proposals for its future Clive Cazeaux argues that artistic research is an exciting development in the historical debate between aesthetics and the theory of knowledge The book draws upon Kant phenomenology and critical theory to show how the immediacies of art and

experience are enmeshed in the structures that create knowledge The power of art to act on these structures is illustrated through a series of studies that look closely at a number of contemporary artworks This book will be ideal for postgraduate students and scholars of the visual and creative arts aesthetics and art theory The Open Access version of this book available at www.taylorandfrancis.com has been made available under a Creative Commons Attribution NonCommercial No Derivatives 4.0 license <https://www.taylorfrancis.com/books/9781315764610> [An Introduction to Art Therapy Research](#) Lynn Kapitan, 2011-01-11 This book fulfills the need for a pragmatic text that is grounded in art therapy research literature and surrounding contexts providing guidance to students and practitioners in research design via a broad survey of appropriate questions methods and ethical values *Handbook of Arts-Based Research* Patricia Leavy, 2019-02-27 The handbook is heavy on methods chapters in different genres There are chapters on actual methods that include methodological instruction and examples There is also ample attention given to practical issues including evaluation writing ethics and publishing With respect to writing style contributors have made their chapters reader friendly by limiting their use of jargon providing methodological instruction when appropriate and offering robust research examples from their own work and or others **Perspectives on Arts Education Research in Canada, Volume 1**, 2019-05-15 Arts education research has increased significantly since the beginning of the new millennium This peer reviewed book the first of two volumes captures some of the exciting developments in Canada There is geographical diversity represented from across this large country as well as theoretical and methodological diversity in the chapters There is also a sense of togetherness with those and other diversities There are calls to action and calls to play We hear voices of artists researchers and artist researchers The life histories of others and of the self are presented *Perspectives on Arts Education Research in Canada Volume 1* Surveying the Landscape provides a wide spectrum of current research by members of the Arts Researchers and Teachers Society ARTS La soci t  des chercheurs et des enseignants des arts SCEA a Special Interest Group SIG within the Canadian Association for Curriculum Studies CACS which is in turn is a constituent association of the Canadian Society for the Study of Education CSSE Contributors are Bernard W Andrews Julia Brook Susan Catlin Genevieve Cloutier Yoriko Gillard Kate Greenway Michael Hayes Nan Jordan Sajani Jinny Menon Catrina Migliore Kathryn Ricketts Pauline Sameshima and Sean Wiebe **International Handbook of Research in Arts Education** Liora Bresler, 2007-03-05 Providing a distillation of knowledge in the various disciplines of arts education dance drama music literature and poetry and visual arts this essential handbook synthesizes existing research literature reflects on the past and contributes to shaping the future of the respective and integrated disciplines of arts education While research can at times seem distant from practice the Handbook aims to maintain connection with the live practice of art and of education capturing the vibrancy and best thinking in the field of theory and practice The Handbook is organized into 13 sections each focusing on a major area or issue in arts education research **Arts-Based Research** Jan Jagodzinski, Jason Wallin, 2013-04-19 A provocative book an important book
