Artifice And Design Art And Technology In Human Experience:

Artifice and Design Barry Allen, 2008 An intriguing book about the aesthetics of technological objects and the relationship between technical and artistic accomplishment

Empiricisms Barry Allen, 2021 Empiricisms is about the value of experience and experiments Why do we esteem them and what is their contribution to knowledge The work is unique in the detail with which it explains empiricism from its beginning in ancient medicine to its emergence as a philosophy of modern science It elucidates the ideas of the so called radical empiricists clarifying their relation to historical empiricism and explaining what is radical about them and develops a comparison between European empiricism and ideas and practice in traditional China Bringing China into the argument is an unexpected innovation and makes the work a model for comparative philosophy

Unearthed Karen M'Closkey, 2013-06-14 The work of landscape architecture firm Hargreaves Associates is globally renowned from the 21st Century Waterfront in Chattanooga Tennessee to London s 2012 Olympic Park Founded by George Hargreaves in 1983 this team of designers has transformed numerous abandoned sites into topographically and functionally diverse landscapes Hargreaves Associates body of work reflects the socioeconomic and legislative changes that have impacted landscape architecture over the past three decades particularly the availability of former industrial sites and their subsequent redevelopment into parks The firm s longstanding interest in such projects brings it into frequent contact with the communities and local authorities who use and live in these built environments which tend to be contested grounds owing to the conflicting claims of the populations and municipalities that use and manage them As microcosms of contemporary political social and economic terrains these designed spaces signify larger issues in urban redevelopment and landscape design The first scholarly examination of the firm s philosophy and body of work Unearthed uses Hargreaves Associates portfolio to illustrate the key challenges and opportunities of designing today s public spaces Illustrated with more than one hundred and fifty color and black and white images this study explores the methods behind canonical Hargreaves Associates sites such as San Francisco s Crissy Field Sydney Olympic Park and the Louisville Waterfront Park M Closkey outlines how Hargreaves and his longtime associate Mary Margaret Jones approach the design of public places conceptually materially and formally on sites that require significant remaking in order to support a greater range of ecological and social needs

[The Bloomsbury Research Handbook of Chinese Aesthetics and Philosophy of Art](#) Marcello Ghilardi, Hans-Georg Moeller, 2021-07-15 For anyone working in aesthetics interested in understanding the richness of the Chinese aesthetic tradition this handbook is the place to start Comprised of general introductory overviews critical reflections and contextual analysis it covers everything from the origins of aesthetics in China to the role of aesthetics in philosophy today Beginning in early China 1st millennium BCE it traces the Chinese aesthetic tradition exploring the import of the term aesthetics into Chinese thought via Japan around the end of the 19th century It looks back to early practices of art and craftsmanship showing how the history of Chinese thought provides a multitude of artefacts and texts that give rise to a wide range of

aesthetic creations and notions Introducing various perspectives on traditional arts in China including painting ceramics calligraphy poetry music and theatre it explores those aesthetic traditions not included in canonic art forms such as martial arts rock gardening and ritual performance Written by Chinese European and American theoreticians and practitioners this authoritative research resource enhances contemporary aesthetics by revealing the possibilities of a Chinese philosophy of art

By Design Brad J. Kallenberg, 2013-01-28 Both engineering and human living take place in a messy world one chock full of unknowns and contingencies Design reasoning is the way engineers cope with real world contingency Because of the messiness books about engineering design cannot have ideal solutions printed in the back in the same way that mathematics textbooks can Design reasoning does not produce a single ideally correct answer to a given problem but rather generates a wide variety of rival solutions that vie against each other for their relative level of satisfactoriness A reasoning process analogous to design is needed in ethics Since the realm of interpersonal relations is itself a fluid and highly contingent real world affair design reasoning offers the promise of a useful paradigm for ethical reasoning This volume undertakes two tasks First it employs design reasoning to illustrate how technological artifacts can be assessed for their inherent moral properties Second it uses the design paradigm as a means for bringing engineering ethics into conversation with Christian theology in order to show how each can be for the other a catalyst for the revolutionary task of living by design

Technology and the City Michael Nagenborg, Taylor Stone, Margoth González Woge, Pieter E. Vermaas, 2021-01-25 The contributions in this volume map out how technologies are used and designed to plan maintain govern demolish and destroy the city The chapters demonstrate how urban technologies shape and are shaped by fundamental concepts and principles such as citizenship publicness democracy and nature The many authors herein explore how to think of technologically mediated urban space as part of the human condition The volume will thus contribute to the much needed discussion on technology enabled urban futures from the perspective of the philosophy of technology This perspective also contributes to the discussion and process of making cities smart and just This collection appeals to students researchers and professionals within the fields of philosophy of technology urban planning and engineering
