Assault On Truth Freuds Suppression Of The Seduction Theory:

The Assault on Truth Jeffrey Moussaieff Masson, 2003 In 1896 Sigmund Freud presented his revolutionary seduction theory arguing that acts of sexual abuse and violence inflicted on children are the direct cause of adult mental illness Nine years later Freud completely reversed his position insisting that these sexual memories were actually fantasies that never happened Why did Freud retract the seduction theory And why has the psychoanalytic community gone to such lengths to conceal that retraction In this landmark book drawing on his unique access to formerly sealed and hidden papers Jeffrey Moussaieff Masson dares to uncover the truth about this critical turning point in Freud s career and its enduring impact on the theory and practice of psychoanalysis The Assault on Truth reveals a reality that neither Freud nor his followers could bear to face Bracing in its honesty gripping its revelations this is the book that prompted Masson s break with the psychoanalytic community and launched his subsequent brilliant career as an independent thinker and writer Freud, the Assault on Truth Jeffrey Moussaieff Masson, 1984 **Freud and His Critics** Paul A. Robinson, Paul W. Robinson, 1993-01-01 Sigmund Freuds kritikere Frank J Sulloway Jeffrey M Masson og Adolf Gr nbaum og argumenterne mod deres kritik

Contemporary Perspectives on Freud's Seduction Theory and Psychotherapy Warwick Middleton, Martin J. Dorahy, 2024-10-02 This edited collection brings together the perspectives of a broad spectrum of experts who reflect on Freud s Seduction Theory psychoanalysis and the reality of child abuse through the work of Jeffrey Masson Jeffrey Masson s *The Assault on Truth* Freud s Suppression of the Seduction Theory 1984 is arguably the most controversial book on psychoanalysis in the last century It provoked a furore from mainstream psychoanalysis yet was well received by the emerging international trauma field and became a bestseller Four decades on a group of international scholars and professionals revisit Masson s original work and reflect on the lessons that can be taken from the saga Was the reaction of Masson s peers tied to the fact that he had accused Freud of being less than heroic or was it that he confronted psychoanalysis with a very uncomfortable truth This book examines how *The Assault on Truth* came to be written why it sparked such an extreme reaction and the issues Masson was grappling with Complete with an extended Foreword by John Briere a luminary of the modern trauma field this book will be essential reading for practitioners students and researchers involved in contemporary psychoanalysis psychotherapy psychology and especially trauma care women s mental health child safety and the study of memory **Madness and Genetic Determinism** Patrick D. Hahn, 2019-07-11 The book covers important topics in the psychiatric genetics PG field Many of these have been overlooked in mainstream accounts and many contemporary PG researchers have omitted or whitewashed the eugenic and racial hygiene origins of the field The author critically analyzes PG evidence in support of genetic claims which given the lack of gene discoveries are based mainly on the results of psychiatric twin and adoption studies Given that the evidence in favor of genetic influences is much weaker than mainstream sources report due to serious issues in twin and adoption research the author points to environmental factors

including trauma as the main causes of conditions such as schizophrenia From Freud's Consulting Room Judith M. Hughes,1994 The science of mind has been plagued by intractable philosophical puzzles chief among them the distortions of memory and the relation between mind and body Sigmund Freud's clinical practice forced him to grapple with these problems and out of that struggle psychoanalysis emerged From Freud's Consulting Room charts the development of his ideas through his clinical work the successes and failures of his most dramatic and significant case histories and the creation of a discipline recognizably distinct from its neighbors In Freud's encounters with hysterical patients the mind/body problem could not be set aside Through the cases of Anna O Emmy von N Elisabeth von R Dora and Little Hans he rethought that problem as Hughes demonstrates in terms of psychosexuality When he tried to sort out the value of memories with Dora and Little Hans as well as with the Rat Man and the Wolf Man Freud reintroduced psychosexuality and elaborated the Oedipus complex Hughes also traces the evolution of Freud's conception of the analytic situation and of the centrality of transference again through the clinical material including the case of Freud himself who at one point figured as his own chief patient Moving from case to case Hughes has coaxed them into telling a coherent story Her book has the texture of intellectual history and the compelling quality of a fascinating tale It leads us to see the origins and development of psychoanalysis in a new way **Freud's Memory** R. White,2008-07-24 Rob White reconsiders Freud's controversial theory of inherited memory referring it both to Anglo American commentary and post structuralist work on psychoanalysis White proposes that this theory is evidence of an underlying haunted retrospection in Freudian theorizing which time and again discovers that meaning has been lost *Sexuality and Its Disorders* Mike Abrams,2016-10-07 Sexuality and Its Disorders explores sexuality from an evolutionary perspective using powerful real life case studies to help readers provide effective guidance around issues relating to sexuality Drawing on his 30 years of clinical experience and research author Mike Abrams provides a comprehensive evidence based and clinically oriented text with cutting edge coverage throughout Discussions include the physical and psychological development of sexual identity the social aspects of sexual behavior the many expressions of sexuality cognitive behavior treatment of sexual problems and more The many perspectives of sexuality are examined with interviews and commentaries from major figures in the field including David M Buss Helen Fisher C Sue Carter of Kinsey Todd K Shackelford Ken Zucker and Gordon Gallup who discuss such topics as the origins of sexuality the nature of love the role of attachment and the treatment of sexual problems *Anna Freud* Elisabeth Young-Bruehl,2008-10-01 This new edition of the biography of pioneering child analyst Anna Freud includes among other features a major retrospective introduction by the author **The Post-Historical Middle Ages** E. Scala,2009-05-25 This collection of original essays repositions medieval literary studies after an era of historicism Analyzing the legacy of Marxist and materialist theory on medieval literary criticism the collection offers new ways of reading texts historically Drawing upon aesthetic ethical and cultural vantage points and methods these essays demonstrate that a variety of approaches and theories are historical and
