Feel-Bad Postfeminism Catherine McDermott,2022-06-02 In *Feel Bad Postfeminism* Catherine McDermott provides crucial insight into what growing up during empowerment postfeminism feels like and outlines the continuing postfeminist legacy of resilience in girlhood coming of age narratives McDermott s analysis of *Gone Girl* 2012 *Girls* 2012 2017 and *Appropriate Behaviour* 2012 illuminates a major cultural turn in which the pleasures of postfeminist empowerment curdle into a profound sense of rage and resentment By contrast close examination of *The Hunger Games* 2008 2010 *Girlhood* 2014 and *Catch Me Daddy* 2014 reveals that contemporary genres are increasingly constructing girls as uniquely capable of resiliently overcoming and adapting to unforgiving social conditions She develops an affective vocabulary to better understand contemporary modes of defiant transformative and relational resilience as well as a framework through which to expand on further modes that are specific to the genres they emerge within Overall the book suggests that exploration of the affective dimensions of girls and women s culture can offer new insights into how coming of age girlhood and femininity are culturally produced in the aftermath of postfeminism

This book considers how contemporary British children's books engage with some of the major cultural debates of recent years and how they resonate with the current preoccupations and tastes of the white mainstream British reading public A central assumption of this volume is that Britain's imperial past continues to play a key role in its representations of race identity and history The insistent inclusion of questions relating to colonialism and power structures in recent children's novels exposes the complexities and contradictions surrounding the fictional treatment of race relations and ethnicity Postcolonial children's literature in Britain has been inherently ambivalent since its cautious beginnings it is both transgressive and authorizing both undercutting and excluding Grzegorczyk considers the ways in which children's fictions have worked with and against particular ideologies of race The texts analyzed in this collection portray ethnic minorities as complex hybrid products of colonialism global migrations and the ideology of multiculturalism By examining the ideological content of these novels Grzegorczyk demonstrates the centrality of the colonial past to contemporary British writing for the young
