describing his own background as lower upper middle class Orwell had a complex relationship with Marxism and all his work reflects the influence of British communism In this thoughtful and original study Philip Bounds argues that Orwell s writings effectively took the form of a dialogue with the leading British Marxists of his day Bounds shows that Orwell often agreed with the Marxists and built on their insights in his writings while on other occasions he used his disagreements with them as the basis of his own critical position Through close analysis of Orwell s writings as well as his historical and literary context Bounds has produced an important study of one of the iconic writers of the 20th century Orwell and Marxism offers a thorough introduction to Orwell the intellectual reviving his reputation as a serious cultural thinker and documenting his most important influences as well as a convincing portrait of British Marxism and society in the 1930s and 40s *Milestones on the Road to Dystopia* Firas Adnan Jabbar Al-Jubouri, 2014-03-17 Author of the masterpieces *Animal Farm* and *Nineteen Eighty Four* George Orwell the nom de plume of Eric Arthur Blair experienced explored and explained some of the defining political economic and social traumas of his time predicaments that have and will always be part of Man s infatuation with power and power politics Orwell s experiences of colonial exploitation in Burma extreme poverty in Paris London and the industrial North and the horrors of ideological deceit and betrayal during the Spanish Civil War fashioned his literary persona his political canon and influenced his vision of a future dystopia This book explores Orwell s journey to dystopia using his major texts as milestones and also examines the author as a divided self and as a chronicler of his age on a fateful journey to dystopia Furthermore it investigates his responses to the use of what he calls force and or fraud in the politics of his time seeking a new understanding of the tensions and contradictions that characterise his writing The analyses explain how authoritarian systems and totalitarian regimes manipulate power and employ pretence in order to divide the self and force individuals and society into obedience The book argues that new insight into Orwell s political views is gained by investigating Niccol Machiavelli s *The Prince* where Machiavelli uses the phrase force or fraud to encourage totalitarian tactics in running a State *Milestones on the Road to Dystopia* Interpreting George Orwell s Self Division in an Era of Force and Fraud presents new insights that interpret the close relationship between self division paradox and the use of a pseudonym demonstrating how they help in understanding Orwell s character works and the nature of totalitarian politics Analysing self division both as an Orwellian trait and as a totalitarian strategy and finding a connection with Machiavelli against the milieu of Orwell s development as a writer is an intricate and interrelated topic that has not previously received critical attention either in its individual parts or as an integrated study This book establishes an essential template with which to analyse Orwell s self division apropos his growing fears of totalitarian power politics and offers distinct analytical acumens that allow for an updated understanding of Orwell and of his relevance to political thought and the question of common decency in twenty first century literature and politics
