

How to Spot a Bad User Manual?

- Poor organization and poor writing.
- Tries to do too much... not focused on user needs... contains information the implementers care about.
- Reads like a sales brochure.

“In the past, little emphasis has been placed on the value of the *User Manual*... but today, mass marketing of consumer software has provided motivation for improved and innovative approaches.”

Bad User Manual:

Your User's Manual Anderson Silver, 2018-11-24 What is the point What is the purpose of life Why must I suffer the stress and anxiety that comes with it Why does it all seem so hard and so unfair If you have asked yourself any of these questions then you have found the book you are looking for There are answers to all of these questions and Anderson Silver has compiled teachings from Stoicism and other schools of thought in Your User's Manual This refreshing collection not only gives the reader much sought after answers but also provides the tools for finding purpose and living an anxiety free life in the modern world Meant as a light read that the reader can come back to and meditate on periodically Anderson has done a wonderful job of condensing fundamental teachings making Your User's Manual a straightforward read in answering life's most pressing questions and recognizing what is truly important

User Error Ellen Rose, 2003-09-01 User Error explodes the myth of computer technology as juggernaut Multimedia educator Ellen Rose shows that there is no bandwagon no out of control dynamo no titanic conspiracy to overwhelm us Instead there is our own desire to join the fraternity of users a fraternity that confers legitimacy and power on those who enter the brave new world Rose exposes how we surrender decision making power in personal and workplace computing situations As users we willingly grant authority to the creators of software support materials and the seductive infrastructure of technocracy Smart users are rewarded reluctant users are pathologized User identity is deliberately constructed at the crossroads of industry consumer demand and complicity User Error sounds a timely alarm calling on all of us who use the new technologies to recognize how we are being co-opted With awareness we can reassert our own responsibility and power in this increasingly important interaction Savvy accessible and up to date User Error offers insight inspiration and strategies of resistance to general readers technology professionals students and scholars alike
