who instead of loving you in return for all the love and care you have given him would find fun in destroying your life You  
could be in this situation right now but still cannot find enough reason to get away from it You keep holding on to the idea  
that one day things will change that he will realize how much you love him and will get back to what he was when you first  
met him If this happens you will live happily ever after But this is a fairy tale and fairy tales don t exist anymore Life s reality
