Breakthrough Our Guerilla War To Expose Fraud And Save Democracy:

Breakthrough James O'Keefe, 2013-06-18 In this New York Times bestseller controversial ambush journalist James O Keefe takes a hard hitting look at how the media and government conspire to protect the status quo A spine tingling true crime thriller about the quest for truth in the age of media obfuscation Gavin McInnes FOX News contributor Hailed by David Weigel in Slate as having had more of an impact on the 2012 election than any journalist James O Keefe is young brash and provocative a new breed of guerrilla reporter for the twenty first century He and his associates have famously infiltrated some of America s most protected organizations and institutions Now in Breakthrough O Keefe chronicles the harrowing undercover investigation that opened America s eyes to the chicanery of its state houses and the duplicity of the White House during one of the most compromised election campaigns in our nation s history the 2012 presidential race Of all his controversial sting operations this was the one that his late mentor Andrew Breitbart called his most consequential While still on federal probation O Keefe organized an army of citizen journalists planned a series of video stings to reveal the American system s vulnerability to voter fraud and went nose to nose with the most powerful political machine in the world Along the way O Keefe found disheartening evidence that Americans are not nearly as free as we may believe but also showed just how much real change ordinary citizens can bring about when they are willing to risk the wrath of the powerful Free of ideology Breakthrough is at its core a clarion call for a more ethical society Despite being vilified and libeled by an establishment media dedicated to suppressing the truth James O Keefe has dared to break through the firewall and reshape public opinion by showing things as they really are *The Routledge Companion to Alternative and Community Media* Chris

Atton, 2015-05-15 The Routledge Companion to Alternative and Community Media provides an authoritative and comprehensive examination of the diverse forms practices and philosophies of alternative and community media across the world The volume offers a multiplicity of perspectives to examine the reasons why alternative and community media arise how they develop in particular ways and in particular places and how they can enrich our understanding of the broader media landscape and its place in society The 50 chapters present a range of theoretical and methodological positions and arguments to demonstrate the dynamic challenging and innovative thinking around the subject locating media theory and practice within the broader concerns of democracy citizenship social exclusion race class and gender In addition to research from the UK the US Canada Europe and Australia the Companion also includes studies from Colombia Haiti India South Korea and Zimbabwe enabling international comparisons to be made and also allowing for the problematisation of traditional often Western approaches to media studies By considering media practices across a range of cultures and communities this collection is an ideal companion to the key issues and debates within alternative and community media **American**

Muckraker James O'Keefe, 2022-01-25 ON POWER They do have tremendous power But in part it is because we give it to them We are nothing but we are not alone Awe cannot live in fear The moment you stop caring about what the media

establishment thinks of you is the moment you become truly free ON INSIDERS The USPS whistleblower a Marine Corps combat veteran said I would rather be back in Afghanistan getting shot at by Afghans honest to God than be interrogated by federal agent Russell Strasser who coerced him by saying I am trying to twist you a little bit because your mind will kick in I am not scaring you but I am scaring you ON PRIVACY The right to record is closely tied to the right to speak or even to take contemporaneous notes about what one sees and hears As 60 Minutes producer Don Hewitt quipped People committing malfeasance don't have any right to privacy What are we saying that Upton Sinclair shouldn't have smuggled his pencil in ON MEANS it is only that which makes you feel better than you would otherwise ON LITIGATION Polling does not decide the truth nor speak to evidence The New York Times have not met their burden to prove that Veritas is deceptive claiming protections from an upstart competitor armed with a cell phone and a website There is a substantial basis in law to proceed to permit Project Veritas to conduct discovery into The New York Times Project Veritas v New York Times Company New York Supreme Court March 18 2021 **Citizen Journalism** Melissa Wall, 2018-12-20 Citizen Journalism explores citizen participation in the news as an evolving disruptive practice in digital journalism This volume moves beyond the debates over the mainstream news media attempts to control and contain citizen journalism to focus attention in a different direction the peripheries of traditional journalism Here more independent forms of citizen journalism enabled by social media are creating their own forms of news Among the actors at the boundaries of the professional journalism field the book identifies are the engaged citizen journalist and the enraged citizen journalist The former consists of under represented voices leading social justice movements while the latter reflects the views of conservatives and the alt right who often view citizen journalism as a performance Citizen Journalism further explores how non journalism arenas such as citizen science enable ordinary citizens to collect data and become protectors of the environment Citizen Journalism serves as an important reminder of the professional field's failure to effectively respond to the changing nature of public communication These changes have helped to create new spaces for new actors in such places traditional as well as upstart forms of journalism negotiate and compete ultimately aiding the journalism field in creating its future **Barack Obama's Promised Land** Jack Cashill, 2021-07-06 In his introduction to the world at the 2004 Democratic National Convention then state senator Barack Obama insisted There is not a liberal America and a conservative America there is the United States of America There is not a Black America and a White America and Latino America and Asian America there's the United States of America But as his latest memoir A Promised Land makes clear Obama inhabits a smug elite liberal America in which conservatives are not welcome Indeed from Obama's perspective their every thought gesture and vote is insincere and likely racist Although the Obama memoir is obsessed with race Obama as president and as writer has refused to address the one problem he knew to be at the heart of America's racial divide the disintegration of the black family While Obama and his peers have profited from the opportunities America offers his lack of courage has doomed the black inner city to another generation of crime drugs and educational

failure To divert attention from his own failure Obama has cast the right as the other in his ongoing melodrama driving a wedge between black and white that will take generations to heal

American Pravda James O'Keefe,2024-03-26 The one real difference between the American press and the Soviet state newspaper Pravda was that the Russian people knew they were being lied to To expose the lies our media tell us today controversial journalist James O Keefe created Project Veritas an independent news organization whose reporters go where traditional journalists dare not Their investigative work equal parts James Bond Mike Wallace and Saul Alinsky has had a consistent and powerful impact on its targets In American Pravda the reader is invited to go undercover with these intrepid journalists as they infiltrate political campaigns unmask dishonest officials and expose voter fraud A rollicking adventure story on one level the book also serves as a treatise on modern media arguing that establishment journalists have a vested interest in keeping the powerful comfortable and the people misinformed The book not only contests the false narratives frequently put forth by corporate media it documents the consequences of telling the truth in a world that does not necessarily want to hear it O Keefe s enemies attack with lawsuits smear campaigns political prosecutions and false charges in an effort to shut down Project Veritas For O Keefe every one of these attacks is a sign of success American Pravda puts the myths and misconceptions surrounding O Keefe s activities to rest and will make you rethink every word you hear and read in the so called mainstream press

Breakthrough James O'Keefe,2013-06-18 In this hard hitting look at the way media and government conspire to protect the status quo a controversial ambush journalist shows readers what happens when a young citizen journalist challenges some of America s most powerful and protected organizations
