Breaking Your Comfort Zones:

The Science of Breaking Out of Your Comfort Zone Peter Hollins, 2019-08-29 Don't let life pass you by. Reject judgment, bypass your fears, and design a life of adventure. Your comfort zone provides the safety and security of being tucked into bed. But in that safety, you accomplish nothing, experience nothing, learn nothing, and end up with nothing. It's a trap, and you need to get out. Life is for living, not merely existing. Which are you doing? The Science of Breaking Out of Your Comfort Zone is not a motivational rah-rah book. It is not 10 different versions of just do it or live, laugh, love. This book is a little different. It is a deep look backed by science into what keeps us from doing what we want when we want. This book answers the question: how do you gain the confidence to consistently break out of your comfort zone to accomplish any goals you have? You'll learn what actually matters and what to stop wasting your time on. No more what-ifs that keep you from your potential. Peter Hollins has studied psychology and peak human performance for over a dozen years and is a bestselling author. He has worked with a multitude of individuals to unlock their potential and path towards success. His writing draws on his academic coaching and research experience. Build confidence and understand your subconscious patterns. Learn the subconscious beliefs that hold you back and how to change them. The unique balance between planning, thoughtfulness, and simple action. Grow the habit of daily fearlessness. Become regret-proof and immune to judgment. The empowering effect of an alter ego. The psychological benefits of aiming for the scary or impossible. Reliable methodologies for adventure and breaking comfort zones.

Breaking Your Comfort Zones Joey O'Connor, 1996 O'Connor shares stories of young people who want faith but who still struggle to emerge from cozy comfort zones of sexual impurity, partying, and low commitment. Each true story is followed by practical ways to leap from complacency to a radical walk with God, because breaking your comfort zones for Jesus is the only thing in this life really worth breaking.

BREAK FREE! Step Out of Your Comfort Zone and Step Into the Zone Outside Your Comfort! Sue Feldman, 2019-11-09 BREAK FREE! How to make big things happen. Do one thing every day that scares you. Eleanor Roosevelt: The greatest things in life tend to happen outside our comfort zones, and doubting your ability to step outside of your comfort zone will keep you stuck. Amy Morin: If you want to move to a new level in your life, you must break through your comfort zone and practice doing things that are not comfortable. T. Harv Eker: A goldfish typically does not outgrow its tank. People, on the other hand, who grow outside their comfort zone gain with more confidence in their abilities, both personally and professionally, and will feel physically and emotionally changed to make big things happen. Sue Feldman: Break Free by stepping out of your comfort zone and stepping into the zone outside your comfort. The information in this book is purely to show you how to go about Breaking Free. If you are interested, let's review a few ideas and tips for stepping out of your Comfort Zone and making it part of your daily routine. OK, then this Book is for you.
