Breaking The Mould Prose Series:

Embracing Serafina Penny Petrone, 2000 This book moves with compelling energy from the forests of north western Ontario to the capitals of Europe to the tribal villages of Africa and from there to South America China and into the mysterious world that existed behind the Iron Curtain when few Westerners dared or got the chance to visit there It is an absorbingly personal document with the power not only of insight and innocence but of deeply conveyed sensuality toward sun and seawater and mountain air the music and hustle of cafes and cantinas the tastes and smells of exotic kitchens and markets There is an urgency here bred of complex desires and a craving for experience and knowledge Through her search Petrone reveals not just the graces but the hard edges and uncertainties of a woman's ventures into foreign landscapes and into the foreboding terrain of the self

Explorations in Creative Writing Kevin Brophy, 2003 These essays stories and fragments are about writing They explore the dilemmas of living as a writer the subtleties and inspirations of reading as a writer and the contradictions created when a writer tries to teach others how it is done

Germans in Britain Since 1500 Panikos Panayi, 1996-01-01 The present volume traces the history of German settlement through a series of essays designed to cover each period and to analyse specific aspects

James Joyce's Legacies in Contemporary Irish Women's Writing Annalisa Mastronardi, 2025-09-10 James Joyce's Legacies in Contemporary Irish Women's Writing is a ground breaking study that for the first time explores in depth the influence of James Joyce on Irish women writers from his contemporaries to more recent voices With a particular focus on Anne Enright's The Gathering Eimear McBride's A Girl Is a Half formed Thing and Emilie Pine's Ruth Pen this book examines how Irish women writers have engaged with Joyce's legacy Unlike their male counterparts who have often felt overshadowed by Joyce's influence Irish women writers have embraced and expanded upon his work viewing it not as a constraint but as an opening to new creative possibilities This book will be of particular value to Joyce scholars working in feminism and reception studies as well as students of Irish literature and women's writing It offers fresh insights into the evolving landscape of Irish literature and complicates Harold Bloom's theory of the Anxiety of Influence demonstrating how women writers perceive canonical figures like Joyce not as rivals but as trailblazers

The Genre of Acts and Collected Biography Sean A. Adams, 2013-10-17 It is widely accepted by New Testament scholars that the Gospel of Luke and the Acts of the Apostles probably originated as two parts of one work by a single author In spite of this the books have been assigned to very different genres Luke is traditionally viewed as a biography of Jesus and Acts as a history of the early church Comparing in detail the structure and content of Acts with the formal features of history novel epic and biography Sean A Adams challenges this division Applying both ancient and modern genre theory he argues that the best genre parallel for the Acts of the Apostles is in fact collected biography Offering a nuanced and sophisticated understanding of genre theory along with an insightful argument regarding the composition and purpose of Acts this book will be of interest to those studying the New Testament Acts genre theory and ancient literature
