## **Activism Aid Experience Development Democracy:**

*Activists in Transition* Thushara Dibley, Michele Ford, 2019-12-15 *Activists in Transition* examines the relationship between social movements and democratization in Indonesia Collectively progressive social movements have played a critical role over in ensuring that different groups of citizens can engage directly in and benefit from the political process in a way that was not possible under authoritarianism However their individual roles have been different with some playing a decisive role in the destabilization of the regime and others serving as bell weathers of the advancement or otherwise of Indonesia s democracy in the decades since Equally important democratization has affected social movements differently depending on the form taken by each movement during the New Order period The book assesses the contribution that nine progressive social movements have made to the democratization of Indonesia since the late 1980s and how in turn each of those movements has been influenced by democratization

Global Responses to AIDS Cristiana Bastos, 1999-11-22 a coherent and fascinating social analysis of AIDS related knowledge examining the social facts of knowledge production and developments interior to communities of science Medical Humanities Review a multilayered composite approach that involves multisited ethnographic research in different spheres of the collective responses to AIDS Choice The response to AIDS from various groups in developing knowledge of and about this health crisis is the focus of this revealing work Rio de Janeiro serves as an observation point for the study of the intersecting worlds of activism clinical practice and biomedical research

Aid, Institutions and Development Ashok Chakravarti, 2005 This accessible book is a powerful critique of the effectiveness of development aid It skilfully combines a wealth of practical experience with a thorough examination of recent academic research It will certainly challenge the defenders of aid to rethink their position for the twenty first century John Toye Department of Economics Oxford UK This is an excellent book interesting and extremely well written It offers a masterly survey of existing work in the field and will have a wide appeal amongst policymakers and academic economists with an interest in development A P Thirlwall University of Kent Canterbury UK This book makes a significant contribution by examining an important issue namely the effects of foreign aid on development The author provides an insightful critical review of the relevant academic literature and presents a careful evaluation of recent foreign aid initiatives and approaches The reader is struck by the author s painstaking and wide ranging research on the subject interspersed with thoughtful comments based on his own experiences Scholars and practitioners working on development will find much that is insightful informative provocative and stimulating Amitava Krishna Dutt University of Notre Dame US In spite of massive flows over the past 50 years aid has failed to have any significant impact on development Marginalization from the world economy and increases in absolute poverty are causing countries to degenerate into failed oppressive and in some cases dangerous states To address this malaise Ashok Chakravarti argues that there should be more recognition of the role economic and political governance can play in achieving positive and sustainable development outcomes Using the latest empirical findings on aid

and growth this book reveals how good governance can be achieved by radically restructuring the international aid architecture This can be realised if the governments of donor nations and international financial institutions refocus their aid programs away from the transfer of resources and so called poverty reduction measures and instead play a more forceful role in the developing world to achieve the necessary political and institutional reform Only in this way can aid become an effective instrument of growth and poverty reduction in the 21st century Aid Institutions and Development presents a new thoroughly critical and holistic perspective on this topical and problematic subject Academics and researchers in development economics policymakers NGOs aid managers and informed readers will all find much to challenge and engage them within this book

*Global HIV/AIDS Politics, Policy, and Activism* Raymond A. Smith, 2013-10-28 An international team of specialists in politics policy and activism provide an indispensable guide to the persistent challenges and emerging issues posed by the global HIV AIDS epidemic now in its fourth decade The HIV AIDS epidemic is at a critical turning point Compelling new findings herald the potential to eventually grind the epidemic to a halt through a combination of expanded treatment coverage and new biomedical approaches to prevention At the same time the severe global economic downturns have negatively affected wealthy donor nations that have provided the funds and technical support for programs in the developing world It is against this backdrop that this landmark three volume set was developed It provides a broad overview of the critical political issues surrounding HIV AIDS inspects key areas of policy and policymaking and spotlights the most important forms of activism and community mobilization The volumes reflect an eclectic and wide ranging set of issues written by an international team comprising dozens of authors from nations including the United States the United Kingdom Ghana South Africa Brazil Cambodia Norway and Qatar The international contributors represent a variety of disciplines and bring with them a range of styles and methodological approaches appropriate to their specific topics and disciplines An important addition to academic and public libraries this expansive work will benefit students and other readers interested in politics policymaking public health activism and community mobilization both in the United States and globally

**Social Activism in Southeast Asia** Michele Ford, 2013 Social Activism in Southeast Asia examines the ways in which social movements operate in a region characterized by a history of authoritarian regimes and relatively weak civil society It situates cutting edge accounts of activism around civil and political rights globalization peace the environment migrant and factory labour the rights of middle and working class women and sexual identity in an overarching framework of analysis that forefronts the importance of human rights and the state as a focus for social activism Drawing on contemporary evidence from Cambodia Indonesia Malaysia Myanmar the Philippines Singapore Thailand and Timor Leste the book explores the ways in which social movement actors engage with their international allies the community and the state in order to promote social change As well as providing detailed and nuanced analyses of particular movements in specific areas of Southeast Asia the book addresses difficult questions about the politics strategies and authenticity of social movements

OECD

Development Co-operation Peer Reviews: Czech Republic 2023 OECD,2023-11-02 The report highlights efforts to engage with the European Union and its members and identifies opportunities for building institutional learning processes

**Landscapes of Activism** Joel Christian Reed,2018-07-09 AIDS activists are often romanticized as extremely noble and selfless However the relationships among HIV support group members highlighted in *Landscapes of Activism* are hardly utopian or ideal At first the group has everything it needs a thriving membership and support from major donors Soon the group undergoes an identity crisis over money and power eventually fading from the scene As government and development institutions embraced activist demands decentralizing AIDS care through policies of health systems strengthening civil society was increasingly rendered obsolete Charting this transition from subjects to citizens and back again reveals the inefficacy of protest and the importance of community resilience The product of in depth ethnography and focused anthropological inquiry this is the first book on AIDS activists in Mozambique AIDS activism s strange decline in southern Africa rather than a reflection of citizen apathy is the direct result of targeted state and donor intervention

**The Future of Human Rights** William F. Schulz,2008 The thirteen essays in this volume provide thematic assessments of the current state of global human rights programs as well as prescriptions for future human rights policy with topics including democracy promotion women s rights refugee policy religious freedom labor standards as well as economic social and cultural rights

**Counter-Terrorism, Aid and Civil Society** J. Howell,J. Lind,2009-09-29 The book critically examines the effects of the War on Terror on the relationships between civil society security and aid It argues that the War on Terror regime has greatly reshaped the field of development and it highlights the longer lasting impacts of post 9 11 counter terrorism responses on aid policy and practice on civil society

**China's Authoritarian Path to Development** Liang Tang,2017-06-14 This book examines the various stages of China s development in the economic social and political fields relating theories and models of development to what is actually occurring in China and discussing how China s development is likely to progress going forward It argues that China s modernization hitherto can be characterized as authoritarian development a fusion of mixed economic institutions of varying types of ownership with social stability and political cohesiveness and that the present phase where more emphasis is being given to social issues is likely to lead on to a new phase where a more mature civil society and a more extensive middle class are likely to look for greater democratization It presents an in depth analysis of China s changing social structure and civil society explores the forces for and processes of democratization and assesses the prospects for further democratization in the light of changing social structures
