course Anderson's Business Law and the Legal Environment (Ise) David P. Twomey, Marianne Moody Jennings, Ivan Fox, Ronald Aberdeen Anderson, 2004-05-01 **The United States Catalog** Mary Burnham, Carol Hurd, 1928 **Business Law and Economics for Civil Law Systems** Rousseau, Stéphane, Mackaay, Ejan, Larouche, Pierre, Parent, Alain, 2021-11-19

Business Law and Economics for Civil Law Systems highlights the relevance of economic analysis of business law from a civilian perspective. It integrates a comparative approach common law and civil law to economic analysis using tools and illustrations to assist in conducting critical economic analysis of rules in the field of business law. This book is a valuable contribution to the reflection on the place and meaning of value creation and accountability as goals for business law. It will be of great value to academics interested in business law, competition law, comparative law, and legal theory; students studying law, business, and economics; and to policy makers and regulators.

Business Law in Japan Christopher Heath, Moritz Bälz, 2012-04-12. Compilations of cases with commentary in Japanese Hanrei Hyakusen often provide the most practical way to obtain a quick and reliable understanding of a specific field of law as well as guidance on how best to proceed in specific situations. In this respect, leading cases much more than statutory provisions are essential for understanding the reality of Japanese commercial law. This incomparable book compiles 72 of the most important commercially relevant Japanese court decisions in the fields of civil law, labour law, company law, financial transactions, intellectual property, antitrust, conflict of laws, and arbitration. Each decision is presented in English translation and is accompanied by a practical and explanatory commentary by an expert in the field, be it from academia or private practice. There are 50 commentators in all brought together here to honour the 60th birthday of Harald Baum, widely regarded as one of the world's foremost scholars on Japanese business law. The cases encompass a wide reach of causes of action in fields such as breach of contract, tort liability, product liability, unjust enrichment, collective bargaining, shareholders' rights, directors' duty of care, political donations, insider trading, patent infringement, parallel imports, trade mark rights, unfair competition, publicity rights, price fixing, arbitration agreements, and recognition of foreign judgements. Whether serving as practical guidance or as a basis for academic research, this compilation will be warmly welcomed by practicing lawyers, teachers, and students of Japanese and international law, and all others who need to understand the various fields of Japanese commercial law.
