

George Orwell's **Animal Farm**

Animal Farm, a novella by George Orwell published in 1945, is an allegory based on the Russian Revolution (1917) and Communist Russia under the ruthless Josef Stalin.

The animals of Manor Farm rebel against their cruel human masters, Mr Jones, clearing the air off the property with Snowball and Napoleon's help. Napoleon, an unscrupulous opportunist, gradually takes the farm into his own hands, and the animals set out to create a life of equality and justice for all.

Things on the farm soon begin to go wrong. Napoleon and Squealer take control, and the pigs grant themselves special privileges, slowly becoming more like the humans they had once despised. The animals of Manor Farm eventually realize that the tyranny of Mr Jones has been replaced by that of the pigs.
