questions Alabama Sample Exam 100 questions We know the real estate licensing exam can be tough and very nerve
wracking to prepare for That's why we created the Alabama Real Estate License Exam Prep AL RELEP the way we did Since
we have been managing real estate schools and developing curriculum for forty years we know how all this works or fails to
work AL RELEP is comprehensive in that it contains both key content review and testing practice And the text review is
Alabama specific not just simplistic national content but terse relevant and accurate Alabama laws and regulations presented
as a well organized set of state key point reviews ideal for pre test memorization But let's not dismiss the importance of the
national content either AL RELEP's national key point reviews are a succinct compression of tested national principles and
practices that comprise the national portion of state license exams from coast to coast Our content is drawn from our own
national textbook Principles of Real Estate Practice one of the most widely used principles textbooks in the country Finally
our national content as well as our question selection is further tailored to the state testing outline promulgated by Pearson
Vue for Alabama Thus the breadth and depth of the law reviews and test questions reflect the topic emphasis of your state's
testing service and your Alabama license exam A word about the test questions AL RELEP's testing practice section consists
of ten national practice tests five state practice tests and one state exam sample test The practice tests are roughly 50
questions in length and the sample test is 100 questions The test questions are designed to cover the content covered by the
law reviews which reinforces your learning of the total body of information tested by your state exam The questions are
direct to the point and designed to test your understanding When you have completed a given test you can check your
answers against the answer key in the appendix You may also note that each question's answer is accompanied by a brief
explanation or rationale to further reinforce your understanding In the end as you know it's all up to you Unlike other
publications we are not going to tell you that using this book will guarantee that you pass your state exam It still takes hard
work and study to pass But we have done our best here to get you ready Following that the most we can do is wish you the
best of success in taking and passing your Alabama real estate exam So good luck For students looking for an Alabama
