

Guide to the dictionary

What is an entry?

A dictionary entry tells you what a word means and how to use it. At the beginning of each entry in this dictionary is the main form of the word, in colour. This is the **headword**. A headword can be one word (**light**) or it can be more than one word (**light bulb**).

This guide will help you to use the entries in this dictionary. It will show you how to look for the entry you want and what information you will find in the entry.

Alphabetical order

The English alphabet has 26 letters. The order of the letters is:

Small letters: a b c d e f g h i j k l m n o p q r s t u v w x y z

Capital letters: A B C D E F G H I J K L M N O P Q R S T U V W X Y Z

The entries in the dictionary are in alphabetical order. We ignore spaces and punctuation marks when putting words in alphabetical order. For example, **fairy tale** is found between the words **fairy** and **faith**.

If you are trying to decide the alphabetical order of two words with the same first letter, look at the second letter. Go through each letter of the word from left to right until you find a letter that is different. The first letter that is different shows you what order the words should be in.

To help you remember the alphabetical order of English, the alphabet is shown down the side of each page of the dictionary.
