

AJATT To ASATT

This study method was not created by me. It's an adaptation of the method of a student that applied it to his learning journey and was so successful that it transcended to a new level.

What's the AJATT study method?

The name itself comes from the sentence "All Japanese All The Time". It is a methodology created and implemented by a young man self-named as "Khatzumoto" who, at the age of 21, learned Japanese to fluency in only 18 months. Khatzumoto was able to, within one year, to read technical articles in Japanese, and one month later he learned how to manage complex conversations and even succeed at a job interview getting a job as a computer engineer for a large Japanese company. Proving that how he says: "I am not telling you that I am going to teach you Japanese. I won't. No one will. No one can. I am telling you that if you start giving your life to Japanese every-single-day-24/7/365, then you will not just learn Japanese, you will **become** Japanese."

The same ideology is applied to Spanish and every other language that you can think of.

How does the AJATT study method works?

It's very simple. It's about putting yourself in an immersive way to learn Spanish (in this case) while you educate yourself, as you make progress to your study lessons, the immersion gets more complex in terms of vocabulary, grammar, context and topics. You study the language and living it at the same time, you're going to read as much as you can in Spanish, you're going to listen Spanish as much as you can, and you're going to study Spanish as much as you can. That is the foundation of the AJATT method, and it's the reason for its name "All Japanese All The Time" as you're going to be **IN** the language, not seeing it from afar...

Structure of The AJATT to ASATT method

The foundation of the AJATT method is the immersion environment, it's about creating an environment where everything it's done in Spanish (in this case) to the point where the acquisition of the language it's natural and inevitable.
