Path of the Golden Heart Cindy Jarrett,2015-11-05 *Path Of The Golden Heart* *Conscious Dating In An Unconscious World* the first book in Cindy Jarrett s *Conscious Relationships Series* is based on Cindy s pioneering work into the necessity for emotional maturity as the key for healthy and sustaining love relationships to succeed It is an in depth training that brings truth back into the dating process where single men and women can fully be their authentic selves while getting to know each other It brings an end to the suffering that has long been associated with dating It is a modern approach to dating that dispels the myths about the games in dating many authorities try to promote This training brings single people the necessary education as to why love has become so difficult to attain and what stands in the way of effortlessly entering into love relationships Readers are provided easy and accessible actions to take that makes *Conscious Dating* a welcomed relief Love what we all desire It matters most to us and drives us to do the most courageous to craziest of things Love is what gives us our supreme experiences and challenges It is our most powerful expression Love heals all things And love is our greatest teacher Yet love eludes us It is everywhere and missing in so many hearts We fear it We run from it We long for it We deserve it It is our birthright And it is this desire for love that brings us to the dating ritual again and again And love is not enough We need more than just love to build and sustain a healthy relationship We also need commitment clarity honesty character an inner life consistency maturity an open heart forgiveness training guidance consciousness more maturity healthy communications sensitivity have I said maturity yet and much much more We don t usually relate to love or love relationships with maturity in mind We don t necessarily declare that these elements are also what loving another requires

matter what is going on in the world outside of you Witness how old problems miraculously resolve themselves and new opportunities seem to appear out of thin air **Daily Love** Mastin Kipp,2014-09-09 For you if you wonder why you are still single or struggle to show your vulnerable side to friends and partners Marie Claire To be human is to be in crisis From our first breath we trade the warm loving embrace of the womb for the harsh realities of a situation we can't possibly control We seek solace from our suffering and look for wisdom outside the confines of dogma but soon we're drowning in vague spiritual lingo intention higher self attraction vibration that's poetry at best and manipulation at worst We become so stuffed up with ideas of what is spiritual doing vinyasas attending seminars being vegan that we leave no room for Grace that uncontrollable benevolent power that wants to enter the world through and as you For Grace to unfurl in your life you need to shake your foundations so the soil loosens allowing devastating catastrophes to become wondrous opportunities Spirituality isn't about averting crises it's about making the cycle from crisis to Grace a little less bumpy By identifying the patterns in your life you'll be able to figure out how to relax find your power learn from your difficulties and allow Grace to enter Mastin Kipp knows a thing or two about the crisis to Grace cycle In a matter of weeks he went from being a hard partying 21 year old vice president at a Hollywood record company to an unemployed drug addicted college dropout living in the tiny pool house of his ex girlfriend's parents From rock bottom he began his spiritual journey learning from teachers like Tony Robbins Joseph Campbell and Caroline Myss and his message of self acceptance and service grew into his popular website He offers no fancy degrees just his life and his scars which form a roadmap to help guide you through the uncertainty that lies ahead marking where the cliffs are slippery where the sun burns hot and where Grace blossoms *UnEldered* Françoise Elvin,2024-07-01 Meticulously researched and rich in personal experience shared as memoir *UnEldered* offers insight inspiration and maps of meaning for a post truth era Looking through the lens of traditional culture where Elders were wisdom keepers and mentors to the young we ask what happens we abandon Youth to their own devices Difficult to pigeon hole yet cogent and lucid throughout the book marries the personal and political in a confluence of subject matter including anthropology psychology sociology geopolitics memoir and suggestions for community practice and self care It's founded on the notion that we need to restructure society from the ground up and calls upon the role of the Elder as one that was and remains pivotal to fully functional societies We also succeed in pulling back the curtain on the Covid years linking censorship corporate capture and engineered consent with the emerging Global Government known as Agenda 2030 that some might prefer to describe as a Neo Feudal Technocracy If you've been wondering where to look for the low down on contemporary culture in a detailed yet digestible form look no further the book weaves together complex subjects without resorting to memes From attachment theory and neuroscience to the precision nudge from sexuality to geopolitics you'll find yourself empowered to navigate dangerous difficult times with a depth of insight rarely found in a single volume **Finding the River** Sally Topham,2010 Presents a compendium of self help exercises and techniques which are designed to help a person cope with life's challenges
