

A 3D finite element analysis (FEA) simulation of a mechanical gear assembly. The image shows a large gear with a central hub and a smaller gear or component attached to it. The simulation results are visualized using a color scale, where blue represents lower stress or displacement and red/yellow represents higher values. The gear teeth and the central hub are highlighted with a red color, indicating areas of high stress or strain. The background is dark, and the overall image has a technical, engineering feel.
