Belgian Fashion Design:

Young Belgian Fashion Design Veerle Windels, 2001 Belgian names are becoming increasingly common on the international catwalk Belgium has firmly established itself in the fashion world in recent years Young fresh talent continues to emerge in the wake of the Antwerp Six documented by Ludion in the book *Belgian Fashion Design* Promising new designers are already making their mark in Paris and Milan and Ludion has taken the opportunity of the Antwerp fashion show Mode 2001 to focus on ten of these new trendsetters designers such as Xavier Delcour and Oliver Theyskens in *Young Belgian Fashion Design* Fashion writer Veerle Windels and photographer Etienne Tordoir explore their unconventional and pioneering designs discuss their ideas and bring the reader a breath of the new wind blowing through Belgium's fashion landscape *Belgian Fashion Design* Luc Derycke, Sandra Van de Veire, 1999 Move over Milan Watch out Paris Pay attention New York Belgium has taken the fashion world by storm Designers like Martin Margiela Ann Demeulemeester Dries Van Noten Dirk Bikkembergs Dirk Van Saene Marina Yee and Walter Van Beirendonck are creating a new eclectic and imaginative approach to clothes Some are playful some anguished or iconoclastic others are minimalist yet luxurious still others stylish and sensual Their original and elegant creations have defined a whole new development in the look of today's fashion This well documented richly illustrated and beautifully designed treasure of a book presents sections devoted to the individual designers while exploring the links between Belgian and international fashion Authors Luc Derycke and San Van de Veire look at the forces underlying the international acclaim of contemporary Belgian fashion design and expose the often hidden interactions that determine success in the fashion world **Japanese Fashion Designers** Bonnie

English, 2013-08-15 Over the past 40 years Japanese designers have led the way in aligning fashion with art and ideology as well as addressing identity and social politics through dress They have demonstrated that both creative and commercial enterprise is possible in today's international fashion industry and have refused to compromise their ideals remaining autonomous and independent in their design business affairs and distribution methods The inspirational Miyake Yamamoto and Kawakubo have gained worldwide respect and admiration and have influenced a generation of designers and artists alike Based on twelve years of research this book provides a richly detailed and uniquely comprehensive view of the work of these three key designers It outlines their major contributions and the subsequent impact that their work has had upon the next generation of fashion and textile designers around the world Designers discussed include Issey Miyake Yohji Yamamoto Rei Kawakubo Naoki Takizawa Dai Fujiwara Junya Watanabe Tao Kurihara Jun Takahashi Yoshiki Hishinuma Junichi Arai Reiko Sudo the Nuno Corporation Makiko Minagawa Hiroshi Matsushita Martin Margiela Ann Demeulemeester Dries Van Noten Walter Beirendonck Dirk Bikkembergs Alexander McQueen Hussein Chalayan and Helmut Lang **Fashion Remains** Marco Pecorari, 2021-01-28 Fashion ephemera from catalogues and invitations to press releases have long been overlooked by the fashion industry and fashion academics *Fashion Remains* redresses the balance putting these objects centre stage and

focusing on the wider creative practice of contemporary fashion designers photographers graphic designers make up artists and many more Fashion ephemera are considered not as disposable promotional devices but as windows into hidden networks of collaboration and value creation in the fashion system Taking an interdisciplinary approach Fashion Remains explores the unseen and privately circulated fashion ephemera produced by today's most prominent international fashion designers such as Margiela Yamamoto and Raf Simons Showcasing a unique archive of materials it focuses on Antwerp's avant garde fashion scene and reveals the potential of these ephemeral objects to evoke and call into question material and immaterial knowledge about the fashion industry's actors practices and ideologies The Berg Companion to Fashion Valerie Steele, 2015-08-01 An essential reference for students curators and scholars of fashion cultural studies and the expanding range of disciplines that see fashion as imbued with meaning far beyond the material Over 300 in depth entries covering designers articles of clothing key concepts and styles Edited and introduced by Valerie Steele a scholar who has revolutionized the study of fashion and who has been described by The Washington Post as one of fashion's brainiest women Derided by some as frivolous even dangerous and celebrated by others as art fashion is anything but a neutral topic Behind the hype and the glamour is an industry that affects all cultures of the world A potent force in the global economy fashion is also highly influential in everyday lives even amongst those who may feel impervious This handy volume is a one stop reference for anyone interested in fashion its meaning history and theory From Avedon to Codpiece Dandyism to the G String Japanese Fashion to Subcultures Trickle down to Zoot Suit The Berg Companion to Fashion provides a comprehensive overview of this most fascinating of topics and will serve as the benchmark guide to the subject for many years to come
