Bible Code Bombshell:

Bible Code Bombshell R. Edwin Sherman, 2005 Explosive evidence that Bible codes point to the life of Christ When Ed Sherman a mathematician with 30 years of experience and Nathan Jacobi an Israeli physicist set out to debunk claims that there were mysterious codes in the Hebrew Old Testament they could not have envisioned the startling conclusions they would reach As Dr Jacobi an agnostic Jew looked for lengthy Hebrew codes about Christ repeatedly he discovered compelling excerpts from the life of the man from Nazareth Time and again Dr Jacobi found that one or two word codes were actually part of much longer encoded sentences that echoed the Gospel accounts Moreover these encoded sentences were extensively embedded in two passages most widely regarded as prophecies of the crucifixion of Christ Isaiah 53 and Psalms 22 Bible Code Bombshell sets forth startling new evidence that code sequences in Scripture are irrefutable evidence of a Divine hand In this highly readable book Sherman offers both skeptics and believers a gold mine of information that will prompt much thinking about the origins of the Bible Unlike other Bible code books this unique book features codes that are phrases and sentences and not just one or two word codes The only code book by researchers that are internationally recognized mathematicians and statistical experts Responds directly and accurately to Bible code critics

Crandall, 2013-05 This is my second book My first book They All Told the Truth describes how I developed an advanced physics theory of matter and energy that unifies all the other mainstream physics theories It is truly and correctly the long sought after grand unified field theory It was calculated mathematically using legitimate and accepted physics methods Years later I was bored one day and just happened to pick up a tattered Christian Bible and was browsing through the Book of Revelation I was so shocked at what I saw that I fell out of my chair I saw that the essential physical numbers from my new physics theory were all in there and were repeated over and over and over Like a message There was exact correspondence as there were no numbers missing nor were there extra numbers that didn't belong with one exception which was the number 666 I had stumbled upon the greatest discovery in modern history The implications are enormous as they prove scientifically physics that God and Jesus are real because their signatures are in there No one else during those times that the various Bible books were written could have possibly known to put those specific numbers in there Religion and science will now be unified from this time forward starting from here http://richard_crandall.tripod.com
