in the Second World War had an immense effect on how they came of age as they faced the new world This time was unique for British children parental controls were often relaxed if not absent and the radio and reading assumed greater significance for most children than they had in the more structured past or were to do in the more crowded future Owen Dudley Edwards discusses reading children s radio comics films and book related play activity in relation to value systems the child s

W.E. Johns, 2022 In the hostile skies over First World War France young airmen die in their thousands as they battle it out in their flimsy crafts Biggles aged seventeen and with less than fifteen hours flying experience is sent to tackle the enemy in what often seem suicidal missions In a theatre of war where instinct and lightning fast reactions are the most important assets a man can possess Biggles must learn to be a real flier quickly or die Federal Register, 1996-08
