1. A group of various species that live together are known as a(n) _____.
2. A group of organisms of the same species are known as a(n) _____.
3. Look at the following picture, what does the picture represent?

4. Use the food web below to help you with the following questions.
20. The plants in the food web are a what trophic level?

21. In the food web, what is the ultimate energy?

22. What type of organisms form plants and animals?

5. Use the energy pyramid below to help you with the following questions.

23. The organisms at level E are known as _____.
24. Where do the organisms at level A get their energy?
25. What kind of organism lives at the first trophic level?
