Accountability For Criminal Justice Selected Essays

RJ Shavelson

Accountability For Criminal Justice Selected Essays:

Accountability for Criminal Justice Philip C. Stenning, 1995-01-01 Accountability the idea that people governments and business should be held publicly accountable is a central preoccupation of our time Criminal justice already a system for achieving public accountability for illegal and antisocial activities is no exception to this preoccupation and accountability for criminal justice therefore takes on a special significance Seventeen original essays most commissioned for this volume have been collected to summarize and assess what has been happening in the area of accountability for criminal justice in English speaking democracies with common law traditions during the last fifteen years Looking at the issue from a variety of disciplines the authors intent is to explore accountability with respect to all phases of the criminal justice system from policing to parole

Encyclopedia of Criminal Justice Ethics Bruce A. Arrigo, 2014-07-17 Federal state county and municipal police forces all have their own codes of conduct yet the ethics of being a police officer remain perplexing and are often difficult to apply in dynamic situations The police misconduct statistics are staggering and indicate that excessive use of force comprises almost a quarter of misconduct cases with sexual harassment fraud theft and false arrest being the next most prevalent factors The ethical issues and dilemmas in criminal justice also reach deep into the legal professions the structure and administration of justice in society and the personal characteristics of those in the criminal justice professions The Encyclopedia of Criminal Justice Ethics includes A to Z entries by experts in the field that explore the scope of ethical decision making and behaviors within the spheres of criminal justice systems including policing corrections courts forensic science and policy analysis and research This two volume set is available in both print and electronic formats Features Entries are authored and signed by experts in the field and conclude with references and further readings as well as cross references to related entries that guide readers to the next steps in their research journeys A Reader's Guide groups related entries by broad topic areas and themes making it easy for readers to quickly identify related entries A Chronology highlights the development of the field and places material into historical context a Glossary defines key terms from the fields of law and ethics and a Resource Guide provides lists of classic books academic journals websites and associations focused on criminal justice ethics Reports and statistics from such sources as the FBI the United Nations and the International Criminal Court are included in an appendix In the electronic version the Reader's Guide index and cross references combine to provide effective search and browse capabilities The Encyclopedia of Criminal Justice Ethics provides a general non technical yet comprehensive resource for students who wish to understand the complexities of criminal justice ethics Key Themes History of Criminal Justice Ethics General Criminal Justice Ethics Police Ethics Legal Ethics Correctional Ethics Criminal Justice Cases and Controversies Technology Crime and Ethics Ethics and Critical Criminology

The Oxford Handbook of Sentencing and Corrections Joan Petersilia, Kevin R. Reitz, 2015 This handbook surveys American sentencing and corrections from global and historical views from theoretical and policy perspectives and with attention to a number of

problem specific issues **Violence And Police Culture** Tony Coady, Steven James, 2013-05-24 Violence and policing are inevitably associated. Criminals use violence not only against innocent members of the public but also against the police themselves. For our own protection and theirs we have given police a licence to use force sometimes with lethal consequences. But the exercise of this licence is fraught with risk to the community. The disturbing record of police shootings in Victoria and irresponsible police violence elsewhere in recent years vividly illustrate this risk. The public outcry against such events is understandable. To find a solution we need to analyse the contexts and the cultural background of the use of police violence and to think hard about its causes and proper limits. In *Violence and Police Culture* eminent contributors offer valuable insights and experience to the growing debate. While Australian in origin and emphasis the book addresses a public issue that resonates as far afield as London, New York, Tokyo and Belfast. *Violence and Police Culture* argues that there are features of police culture which foster abuse of the right to use violence. The book makes positive suggestions about institutional changes that might alleviate the problems bedevilling what the philosopher Thomas Hobbes called the right of the sword.

The Constitutional Legitimacy of Law Officers in the United Kingdom Conor McCormick, 2022-07-14 This book provides a detailed account of each law officer's functions and draws on that account as the basis for a conceptual analysis of their constitutional legitimacy. In recent years the constitutional legitimacy of law officers has been questioned repeatedly because of recurring controversies surrounding the discharge of their varied functions. Indeed it has become increasingly clear that those functions enable law officers to play a highly influential part in the regulation and exercise of public power throughout the United Kingdom. McCormick argues that the most persuasive framework for analysing the offices which make up this diverse regime involves concentrating on the constitutional values of independence, accountability and trust which underpin it. Both aspects of the book namely the explanation of individual functions and the conceptual analysis of collective legitimacy are written in a holistic way which encompasses critical analyses about the Attorney General and Solicitor General for England and Wales, the Counsel General for Wales, the Lord Advocate, Solicitor General and Advocate General for Scotland as well as the Attorney General and Advocate General for Northern Ireland.

Global Environment of Policing Darren Palmer, Michael M. Berlin, Dilip K. Das, 2012-06-05 Police organizations across the globe are experiencing major changes. Many nations cope with funding constraints as pressures within their societies, terrorism and transnational crime and social and political transformations necessitate a more democratic form of policing. Drawn from the proceedings at the International Police Executive Symposium in **Federal Probation**, 1998 The Problem of Justice Bruce Granville Miller, 2001-01-01 For the indigenous peoples of North America the history of colonialism has often meant a distortion of history even in some cases a loss or distorted sense of their own native practices of justice. How contemporary native communities have dealt quite differently with this dilemma is the subject of *The Problem of Justice* a richly textured ethnographic study of indigenous peoples struggling to reestablish control over justice in the face of conflicting external and

internal pressures The peoples discussed in this book are the Coast Salish communities along the northwest coast of North America the Upper Skagit Indian Tribe in Washington State the St lo Nation in British Columbia and the South Island Tribal Council on Vancouver Island Here we see how despite their common heritage and close ties each of these communities has taken a different direction in understanding and establishing a system of tribal justice Describing the results from the steadily expanding independence and jurisdiction of the Upper Skagit Court to the collapse of the South Island Justice Project Bruce G Miller advances an ethnographically informed comparative historically based understanding of aboriginal justice and the particular dilemmas tribal leaders and community members face His work makes a persuasive case for an indigenous sovereignty associated with tribally controlled justice programs that recognize diversity and at the same time allow for internal dissent

Re-imagining Policing in Canada Dennis Cooley,2005-12-15 Policing in Canada is in the process of change similar to other nations in the western world many of the policing services that were provided by public forces in the past are being gradually handed over to private security agencies Complex networks of policing that reflect a mix of public and private security providers are emerging and this transformation has serious implications for how Canadians interact with one another For instance if residents of a gated community or members of a downtown business association pay for their own policing services rather than relying on the public police whose law is being enforced With this collection Dennis Cooley has brought together some of the top minds in criminology and policing to examine the phenomenon of the changing nature of policing in Canada The essays describe the character and constitution of security in Canada and explore the implications of these changes in terms of larger questions about power social control justice and law Wide ranging and topical Re imagining Policing in Canada will prove essential reading for policy makers and scholars alike

Contemporary Issues in Law Enforcement and Policing Andrew Millie,Dilip K. Das,2008-05-28 Rising terrorism and advances in technology along with new organizational strategies and investigative techniques have stretched the traditional role of the police officer Calls for strong intelligence driven paramilitary policing juxtaposed with a demand for softer community policing leave officers under increased pressure to be tough and
