NOTE TO JUDGES:

A few judges are mistakenly BQing some French Angoras for, "wool below the joint on the front feet." Our standard specifies only "fur" on the front feet. Fur can be long, medium or short. French Angora fur is not like fur on a New Zealand or other normal-furred breed. Some judges see a crimped undercoat under the fur, and say that's wool. No, all rabbits have a crimped undercoat. Some judges also overemphasize the importance of guard hair and coarseness in the French coat. You can't spin a coat that is only guard hair--there should be plenty of good, dense wool!
