Arapaho Language Andrew Cowell:

The Arapaho Language Andrew Cowell, Alonzo Moss Sr., 2011-05-18 The Arapaho Language is the definitive reference grammar of an endangered Algonquian language. Arapaho differs strikingly from other Algonquian languages, making it particularly relevant to the study of historical linguistics and the evolution of grammar. Andrew Cowell and Alonzo Moss Sr. document Arapaho's interesting features, including a pitch-based accent system with no exact Algonquian parallels, radical innovations in the verb system, and complex contrasts between affirmative and non-affirmative statements. Cowell and Moss detail strategies used by speakers of this highly polysynthetic language to form complex words and illustrate how word formation interacts with information structure. They discuss word order and discourse-level features, treat the special features of formal discourse style and traditional narratives, and list gender-specific particles which are widely used in conversation. Appendices include full sets of inflections for a variety of verbs. Arapaho is spoken primarily in Wyoming, with a few speakers in Oklahoma. The corpus used in *The Arapaho Language* spans more than a century of documentation, including multiple speakers from Wyoming and Oklahoma, with emphasis on recent recordings from Wyoming. The book cites approximately 2,000 language examples drawn largely from natural discourse, either recorded spoken language or texts written by native speakers. With *The Arapaho Language*, Cowell and Moss have produced a comprehensive document of a language that, in its departures from its nearest linguistic neighbors, sheds light on the evolution of grammar.

Arapaho Stories, Songs, and Prayers Andrew Cowell, Alonzo Moss, William J. C'Hair, 2014-08-25 Many of these narratives, gathered in the late nineteenth and early twentieth centuries, were obtained or published only in English translation. Although this is the case with many Arapaho stories, extensive Arapaho language texts exist that have never before been published. *Arapaho Stories, Songs, and Prayers* gives new life to these manuscripts, celebrating Arapaho oral narrative traditions in all the richness of their original language.

Arapaho Historical Traditions Alonzo Moss, Sr., 2005-08-24 Told by Paul Moss 1911-1995, a highly respected storyteller and ceremonial leader, these twelve texts introduce us to an immensely rich literature. As works of an oral tradition, they had until now remained beyond the reach of those who do not speak the Arapaho language. Here, for the first time, these outstanding examples of Indigenous North American literature are printed in their original language in the standard orthography used on the Wind River Reservation but made accessible to a wider audience through English translation and comprehensive introductions, notes, commentaries, and an Arapaho-English glossary. The Arapaho traditions chosen for this anthology tell of hunting, scouting, fighting, horse stealing, capture and escape, friendly encounters between tribes, diplomacy, and war conflict with the U.S. and battles with its troops. They also include accounts of vision quests and religious rites, the fate of an Arapaho woman captured by Utes, and Arapaho uses of the Medicine Wheel in the Bighorn Mountains.

public function of heritage languages in Native American speech communities The thinking goes if you do what the volume terms the Lost Language Ghost Dance your heritage language will flourish once more Yet the heritage language only flourishes on paper and not in any meaningful way for the community it is trying to help Instead this volume proposes a model of Native American language revitalization that is different from the national official language model one that respects and incorporates language variation and entertains variable outcomes This is because it is based on Native American linguistic ideologies This volume argues that the cookie cutter application of the official language ideology is unethical because it undermines the intent of language revitalization itself the continued daily meaningful use of a heritage language in its speech community *New Voices for Old Words* David J. Costa, 2015-09-01 Published In cooperation with the American Indian Studies Research Institute Indiana University Bloomington
