complex characters and themes readers follow Katrijn as she deals with the ghosts of her family's past and the pressures of a galaxy's future on her shoulders. She's not alone though as Jace Trella and more cope with their own place in human history dealing with LGBTQ collectivist and anti imperialist themes. The series delves into the metaphysical asking tough questions about capitalism colonialism and racism that have plagued history and if we can still build a better future. Veteran Star Trek and Dr Who author Robert Jeschonek describes Cydonia Rising as such. Once this book unlocks the vast rich and challenging universe that Dave has conjured in his ongoing literary Big Bang you will never look back. Author Matt Saccaro touches on the different themes. It's a classical space opera mixed with some ancient Rome medieval Scandinavia. A fascinating juxtaposition and difficult to pull off but Walsh makes it work.
