Aquinas And The Jews The Middle Ages Series:

Jews and Heretics in Catholic Poland Magda Teter, 2005-12-26 *Jews and Heretics in Catholic Poland* takes issue with historians common contention that the Catholic Church triumphed in Counter reformation Poland In fact the Church s own sources show that the story is far more complex From the rise of the Reformation and the rapid dissemination of these new ideas through printing the Catholic Church was overcome with a strong sense of insecurity The infidel Jews enemies of Christianity became symbols of the Church s weakness and simultaneously instruments of its defence against all of its other adversaries This process helped form a Polish identity that led in the case of Jews to racial anti Semitism and to the exclusion of Jews from the category of Poles This book portrays Jews not only as victims of Church persecution but as active participants in Polish society who as allies of the nobles placed in positions of power had more influence than has been recognised

Meeting the Foreign in the Middle Ages Albrecht Classen, 2002-04-12 This collection brings together an outstanding group of historical cultural and literary scholars to investigate the complicated nuanced and often surprising union and desire and dread associated with the figure of the foreign Other in the Middle Ages represented variously by Muslims Jews heretics pagans homosexuals lepers monsters and witches Exploring the diverse manifestations of the foreign in medieval literature historical documents religious treatises and art these essays mine the traces of unprecedented encounters in which fascination and fear meet

Jews in Medieval Christendom Kristine T. Utterback, Merrall L. Price, 2013-09-15 In *Jews in Medieval Christendom* Slay Them Not an international group of scholars from numerous disciplines examines the manifold ways that medieval Christians coped with the presence of Jews in their midst The collection s touchstone comes from St Augustine s interpretation of Psalm 59 11 Slay them not lest my people forget scatter them by thy power and bring them down as it applied to Jews in Christendom an interpretation that deeply affected medieval Christian strategies for dealing with Jews in Europe This collection analyzes how medieval writers and artists often explicitly invoking Augustine employed his teachings on these strangers within Christian Europe Contributors include Nancy Bishop Kate McGrath Irven Resnick Ephraim Shoham Steiner K M Kletter Robert Stacey Jennifer Hart Weed Jay Ruud Kristine T Utterback Merrall L. Lewelyn Price Eveline Brugger Birgit Wiedl Carlee A Bradbury Judy Schaaf Barbara Stevenson Miriamne Ara Krummel Albrecht Classen

The New Covenant Torah in Jeremiah and the Law of Christ in Paul Femi Adeyemi, 2006 Original Scholarly Monograph

Entangling Web Alec Ryrie, Mark A. Lamport, 2024-03-19 Europe has a tremendously important role in the history of Christianity and was the continent with the most Christians from roughly the year 900 to 1980 However Europe is now home to only 22 percent of all Christians in the world down from 68 percent in 1900 The major trend of European religion in the twentieth and twenty first centuries has been secularization disestablishment and decreased influence of state churches lower importance of religion in the public sphere the decline of religious beliefs and practices and individual religious switching from Christianity to atheism and agnosticism One hundred

years ago it was true that the typical Christian in the world was a white European. Given current trends, however, Europe is clearly no longer the geographic nor demographic center of world Christianity. Yet that does not mean Europe has no role in the future. It is still the home of major Christian communions such as Catholics, Rome, Anglicans, Canterbury, Russian Orthodox, Moscow, and Lutherans. Geneva European mission agencies are active throughout the world providing theological education and social welfare programs combatting climate change and advocating for gender equality.

On the Government of Rulers Bartholomew (of Lucca), 1997. The book that influenced much of the political thought of the later Middle Ages, the Renaissance, and the Early Modern period is presented in a translation by James Blythe. History of Ptolemy, who is considered a proto Humanist by some, combined the principles of Northern Italian republicanism with Aristotelian theory. He was the first to attack kingship as despotism and to draw parallels between ancient Greek models of mixed constitution and the Roman Republic, biblical rule, the Church, and medieval government. Annotation copyrighted by Book News, Inc., Portland, OR.

The Papacy, the Jews, and the Holocaust Frank J. Coppa, 2006. The Papacy has long played a crucial role in western civilization. To many, its history and theology have seemed steeped in hostility toward the Jews. In the post-World War II era, the initial focus was on Pope Pius XII's stance during the Holocaust; it soon expanded, however, to the broader question of the papacy and the Jews. The present work transcends the thicket of controversy and provides a historical account of the relationship between the papacy and the Jews in the modern age and the interaction between clerical anti-Semitism and secular anti-Semitism. In light of the polemical debate, this subject has aroused during the past half century; this is no small task. In this work, acclaimed author and historian Frank J. Coppa once again proves a capable guide to exploring the issue.

The Middle Ages Frank N. Magill, 2012-11-12. Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history. This is not a who's who. Instead, each entry provides an in-depth essay on the life and career of the individual concerned. Essays commence with a quick reference section that provides basic facts on the individual's life and achievements. The extended biography places the life and works of the individual within an historical context, and the summary at the end of each essay provides a synopsis of the individual's place in history. All entries conclude with a fully annotated bibliography.

1995 Massimo Mastrogregori, 2014-02-21. Annually published since 1930, the International Bibliography of Historical Sciences (IBOHS) is an international bibliography of the most important historical monographs and periodical articles published throughout the world which deal with history from the earliest to the most recent times. The works are arranged systematically according to period, region, or historical discipline, and within this classification alphabetically. The bibliography contains a geographical index and indexes of persons and authors.

A Concise History of American Antisemitism Robert Michael, 2005. A Concise History of American Antisemitism shows how Christianity's negative views of Jews pervaded American history from colonial times to the present. The book describes the European background to American anti-Semitism, then divides American history into time periods and

examines the anti Semitic ideas personalities and literature in each period It also demonstrates that anti Semitism led to certain behaviors in some United States officials that resulted in the deaths of hundreds of thousands of Jews during the Holocaust Clear and forceful A Concise History of American Antisemitism is an important work for undergraduate course use and for the general public interested in the roots of the current rash of anti Semitism
