Smith, 2016-12-02 Contributions by Lisa Doris Alexander Sean Bell Benn L Bongang Joel S Franks Silvana Vilodre Goellner Annette R Hofmann Dong Jinxia Cl udia Samuel Kessler Jack Lule Li Luyang Mark Panek Roberta J Park Gamage Harsha Perera Joel Nathan Rosen Viral Shah Maureen M Smith Nancy E Spencer Dominic Standish Tim B Swartz Dan Travis Theresa Walton Fisette and Zhong Yijing Given the presumed dominance of American sport many fans throughout the hemisphere find it difficult to envision the role of sport beyond the confines of their own continent And yet world sport consists of so much more than the games Americans play and so much more than the stereotype of cricket for the elite and football for the working class As worldwide sport continues to gain in popularity we also see parallels to many aspects visible in North American sport particularly celebrity and all its trappings and pitfalls The success of athletes from other countries in basketball and ice hockey and the proliferation of stars imported and now exported to and from North America provides some better examples of sport s international power It also creates a very new kind of sport celebrity albeit one that often shows a rather limited reach beyond that star s own country or continent Thus rather than focusing on the Western Hemisphere this collection of some of world sport s most heralded celebrities including stars of Motocross surfing distance running and more serves as a sort of passport to many places that make up our global sporting environment **Sports around the World** John Nauright, 2012-04-06 This multivolume set is much more than a collection of essays on sports and sporting cultures from around the world it also details how and why sports are played wherever they exist and examines key charismatic athletes from around the world who have transcended their sports Sports Around the World History Culture and Practice provides a unique global overview of sports and sports cultures Unlike most works of this type this book provides both essays that examine general topics such as globalization and sport international relations and sport and tourism and sport as well as essays on sports history culture and practice in world regions for example Latin America and the Caribbean the Middle East and North Africa Europe and Oceania in order to provide a more global perspective These essays are followed by entries on

specific sports world athletes stadiums and arenas famous games and matches and major controversies Spanning topics as varied as modern professional cycling to the fictional movie Rocky to the deadly ball game of the ancient Mayans the first three volumes contain overview essays and entries for specific sports that have been and are currently practiced around the world The fourth volume provides a compendium of information on the winners of major sporting competitions from around the world Readers will gain invaluable insights into how sports have been enjoyed throughout all of human culture and more fully comprehend their cultural contexts The entries provide suggestions for further reading on each topic helpful to general readers students with school projects university students and academics alike Additionally the four volume Sports Around the World spotlights key charismatic athletes who have changed a sport or become more than just an outstanding player
