Amazon.com For Dummies Mara Friedman, 2003-01-16 If you've surfed the Web more than once you've probably visited Amazon.com. Originally you may have gone there searching for books but Amazon.com is so much more than a bookstore. The author of *Amazon.com For Dummies*, who has been involved with the site from its beginnings, describes it as a shopping mall, home improvement store, bazaar, travel agency, newsstand, car lot, but most importantly a community of buyers and sellers. People like you. Countless opportunities exist for those who join this community and Amazon.com For Dummies gives you a smorgasbord sampling of what they are and how to take advantage of every one. For example you can: Set up an account and buy things; Bid on an auction; Sell your items; Personalize your shopping experience; Open your own online store; Join the Amazon.com community. Written by Mara Friedman who has held several positions with Amazon.com including marketing communications manager. *Amazon.com For Dummies* takes you from your first venture into the Amazon all the way to making money from your Amazon.com experience. Discover how to: Find your way around the marketplace and scout out the best deals; Get local movie showtimes; view restaurant menus; chat with other shoppers; send free e-cards or sign up for a free reminder service; Track orders and manage your account; Browse specialty shops and check out international merchandise; Take advantage of reviews from other shoppers; Set up and use wish lists for yourself and your friends; Create your own online Zshop; set the right prices and take photos that help sell your items; Take advantage of the Amazon.com Advantage or become an Associate. Whether you're a complete novice who'd like a guide to help you with your first online purchases or a longtime Amazon.com shopper who wants to become an online entrepreneur, *Amazon.com For Dummies* has what you need. Use it today to get started and tomorrow to help you manage your own successful online business. *The Baby Cheapskate Guide to Bargains* Angela Wynne, 2012-05-01 How to get everything you need for your new baby without breaking the bank. When Angela Wynne started preparing for her baby's arrival she was overwhelmed by all the must-haves she supposedly needed. She quickly discovered that the average American family can expect to shell out more than 23,000 for the first two years of the baby's life. Daunted by the cost of having a baby, Angela soon realized she had a gift for ferreting out the best bargains and decided to share her findings with other parents online with her uber-successful blog *BabyCheapskate.com*. And now in *The Babycheapskate Guide to Bargains* she gives you must-have advice on buying the best for your baby for less. You'll learn: What you need for your baby and what you don't need; The principles of shopping smart; Where to find great deals on baby products both online and off; How to use social media to find bargains and get advice; How to demystify couponing and other insider savings techniques; And much much more. Outlining easy-to-follow effective saving strategies, this indispensable guide takes the financial guesswork and all the unwanted stress out of planning for a baby. *Babies by the Bay* Michelle L.
