David Brock

Blinded By The Right The Conscience Of An Ex Conservative:

Blinded by the Right David Brock, 2002-04-24 In a powerful and deeply personal memoir David Brock the original right wing scandal reporter chronicles his rise to the pinnacle of the conservative movement and his painful break with it David Brock pilloried Anita Hill in a bestseller His reporting in The American Spectator as part of the infamous Arkansas Project triggered the course of events that led to the historic impeachment trial of President Clinton Brock was at the center of the right wing dirty tricks operation of the Gingrich era and a true believer until he could no longer deny that the political force he was advancing was built on little more than lies hate and hypocrisy In Blinded By the Right Brock who came out of the closet at the height of his conservative renown tells his riveting story from the beginning giving us the first insider's view of what Hillary Rodham Clinton called the vast right wing conspiracy Whether dealing with the right wing press the richly endowed think tanks Republican political operatives or the Paula Jones case Brock names names from Clarence Thomas on down uncovers hidden links and demonstrates how the Republican Right's zeal for power created the poisonous political climate that culminated in George W Bush's election With a new afterword by the author Blinded By the Right is a classic political memoir of our times

Reading and Writing for Civic Literacy Donald Lazere, 2015-12-03 This brief edition of a groundbreaking textbook addresses the need for college students to develop critical reading writing and thinking skills for self defense in the contentious arena of American civic rhetoric Designed for first year or more advanced composition and critical thinking courses it is one third shorter than the original edition more affordable for students and easier for teachers to cover in a semester or quarter It incorporates up to date new readings and analysis of controversies like the growing inequality of wealth in America and the debates in the 2008 presidential campaign expressed in opposing viewpoints from the political left and right Exercises help students understand the ideological positions and rhetorical patterns that underlie such opposing views Widely debated issues of whether objectivity is possible and whether there is a liberal or conservative bias in news and entertainment media as well as in education itself are foregrounded as topics for rhetorical analysis

Wingnuts Perseus, 2014-08-12 Wingnuts exist on the extreme edges of the political spectrum They're the professional polarizers and the unhinged activists the hardcore haters and the paranoid conspiracy theorists They're people who always try to divide us instead of unite us And at a time when the fringe is blurring with the base they've hijacked American politics The Obama era has been a boom time for Wingnuts kicked off by a financial collapse and the election America's first black president For some losing an election feels like living under tyranny John Avlon tracks down preachers who pray for the president's death goes inside the growing Hatriot militia movement and identifies the fright wing swamp where the Obama Birthers and the Bush era 9/11 Truthers bubble up Wingnuts echo earlier fear fueled movements in American history But bolstered by the rise of hyper partisan media the Wingnut echo chamber is more influential than ever before and it has led directly to the division and dysfunction in Congress Avlon asserts that the time has come for the moderate majority of Americans to straighten their

civic backbone and hold the extremes accountable while restoring a sense of perspective to our politics **Red, White, and Kind of Blue?** David Schneiderman, 2015-01-01 Situated between two different constitutional traditions those of the United Kingdom and the United States Canada has maintained a distinctive third way federal parliamentary and flexible Yet in recent years it seems that Canadian constitutional culture has been moving increasingly in an American direction Through the prorogation crises of 2008 and 2009 its senate reform proposals and the appointment process for Supreme Court judges Stephen Harper s Conservative government has repeatedly shown a tendency to push Canada further into the US constitutional orbit Red White and Kind of Blue is a comparative legal analysis of this creeping Americanization as well as a probing examination of the costs and benefits that come with it Comparing British Canadian and American constitutional traditions David Schneiderman offers a critical perspective on the Americanization of Canadian constitutional practice and a timely warning about its unexamined consequences **The Intellectuals and the Flag** Todd Gitlin, 2007-05-15 The tragedy of the left is that having achieved an unprecedented victory in helping stop an appalling war it then proceeded to commit suicide So writes Todd Gitlin about the aftermath of the Vietnam War in this collection of writings that calls upon intellectuals on the left to once again engage American public life and resist the trappings of knee jerk negativism intellectual fads and political orthodoxy Gitlin argues for a renewed sense of patriotism based on the ideals of sacrifice tough minded criticism and a willingness to look anew at the global role of the United States in the aftermath of 9 11 Merely criticizing and resisting the Bush administration will not do the left must also imagine and propose an America reformed Where then can the left turn Gitlin celebrates the work of three prominent postwar intellectuals David Riesman C Wright Mills and Irving Howe Their ambitious assertive and clearly written works serve as models for an intellectual engagement that forcefully addresses social issues and remains affirmative and comprehensive Sharing many of the qualities of these thinkers works Todd Gitlin s blunt frank analysis of the current state of the left and his willingness to challenge orthodoxies pave the way for a revival in leftist thought and a new liberal patriotism High Crimes and Misdemeanors in Presidential Impeachment H. Brown, 2010-01-04 US Constitution states that the President is subject to removal from office upon impeachment and conviction of treason bribery and other high Crimes and Misdemeanors In this book Brown examines history behind this clause as well as the impeachments of Presidents Johnson Nixon and Clinton *How to Talk to a Liberal (If You Must)* Ann Coulter, 2004-10-05 Welcome to the world of Ann Coulter With her monumental bestsellers Treason Slander and High Crimes and Misdemeanors Coulter has become the most recognized and talked about conservative intellectual in years and certainly the most controversial Now in How to Talk to a Liberal If You Must which is sure to ignite impassioned debate she offers her most comprehensive analysis of the American political scene to date With incisive reasoning refreshing candor and razor sharp wit she reveals just why liberals have got it so wrong In this powerful and entertaining book which draws on her weekly columns Coulter ranges far and wide No subject is off limits and no comment is

left unsaid After all she writes Nothing too extreme can be said about liberals because it s all true How to Talk to a Liberal If You Must offers Coulter s unvarnished take on The essence of being a liberal The absolute conviction that there is one set of rules for you and another completely different set of rules for everyone else John Kerry A reporter asked Kerry Are you for or against gay marriage As usual his answer was Yes Her 9 11 comments I am often asked if I still think we should invade their countries kill their leaders and convert them to Christianity The answer is Now more than ever The state of the Democratic Party Teddy Kennedy crawls out of Boston Harbor with a quart of Scotch in one pocket and a pair of pantyhose in the other and Democrats hail him as their party s spiritual leader Her philosophy for arguing with liberals Tough love except I don t love them My tough love approach is much like the Democrats middle class tax cuts everything but the last word The Treason Lobby Want to make liberals angry Defend the United States In this full on Coulterpalooza you ll find the real uncensored Ann Coulter A special concluding chapter even includes the pieces that squeamish editors refused to publish what you could have read if you lived in a free country says Coulter How to Talk to a Liberal If You Must is a stunning reminder of why Ann Coulter s commentary has achieved must read status A fluent polemicist with a gift for Menckenesque invective and she can harness such language to subtle syllogistic argument Washington Post Book World Ann Coulter is a trailblazer Los Angeles Times Book Review She can zing one liners faster than Zeus can throw lightning bolts Kansas City Star You know those pundits who bore you to tears trying to balance everyone s point of view Coulter isn t one People A great deal of research supports Ms Coulter s wisecracks New York Times The conservative movement has found its diva Bill Maher Ann Coulter is a pundit extraordinaire Rush Limbaugh Also available as a Random House AudioBook and as an e Book **Stench** David Brock,2024-09-17 A blistering expos of Clarence Thomas and the conservative regime of corruption that has usurped the Supreme Court by a Democratic activist and former Republican political operative Public confidence in the Supreme Court has plummeted to new lows in the last few years and for good reason In the past three decades six conservative justices have gained a supermajority through questionable means a dubious intervention in a presidential election perjury during Senate testimony and a GOP Senate Leader s unethical blockade of a Supreme Court nomination Behind this strategic dismantling of our Supreme Court is a vast well funded political machine backed by the extreme right wing Federalist Society the notoriously secretive Catholic organization Opus Dei and GOP megadonors operating from behind closed doors Armed with an insider s perspective from his time within the conservative movement David Brock reveals how the efforts to stack the Court in service of extreme right wing interests stem from a decades long strategy to weaponize our judicial system into an extension of the Republican Party itself Stench investigates the ethics scandals that surround Clarence Thomas and his wife the right wing activist Ginni Thomas culling new material from Thomas s accusers along with original reporting and Brock s firsthand knowledge of the inner workings of the GOP Stench is a staggering expos one that only Brock could write exhaustive in its research and revelatory in its access to the world of what has effectively become the Thomas Court

Republican Gomorrah Max Blumenthal, 2009-09-01 Over the last year award winning journalist and videographer Max Blumenthal has been behind some of the most sensational and funniest exposes of Republican machinations Whether it was his revelation that Sarah Palin was anointed by a Kenyan priest famous for casting out witches or his confronting Republican congressional leaders and John McCain's family at the GOP convention about the party's opposition to sex education and hence the rise in teen pregnancies like that of Palin's daughter or his expose of the eccentric multimillionaire theocrat behind California's Prop 8 anti gay marriage initiative Blumenthal has become one of the most important and most constantly cited journalists on how fringe movements are becoming the Republican Party mainstream *Republican Gomorrah* is a bestiary of dysfunction scandal and sordidness from the dark heart of the forces that now have a leash on the party It shows how those forces are the ones that establishment Republicans like John McCain have to bow to if they have any hope of running for President It shows that Sarah Palin was the logical choice of a party in the control of theocrats But more than just an expose *Republican Gomorrah* shows that many of the movement's leading figures have more in common than just the power they command within conservative ranks Their personal lives have been stained by crisis and scandal depression mental illness extra marital affairs struggles with homosexual urges heavy medication addiction to pornography serial domestic abuse and even murder Inspired by the work of psychologists Erich Fromm who asserted that the fear of freedom propels anxiety ridden people into authoritarian settings Blumenthal explains in a compelling narrative how a culture of personal crisis has defined the radical right transforming the nature of the Republican Party for the next generation and setting the stage for the future of American politics

The Architect James Moore, Wayne Slater, 2006-09-05 President George W Bush dubbed Karl Rove The Architect for his skill in creating an unprecedented campaign and fund raising machine But Rove's ambitions have always been far more sweeping to build a right wing dynasty that can dominate American politics for decades Rove's master plan imagines a political system so controlled by Republicans that it is resisted only by symbolic opposition In *The Architect* James Moore and Wayne Slater the bestselling authors of *Bush's Brain* return with an even more penetrating examination of Rove his sweeping agenda and the price he may have to pay for his audacity Drawing on their decades long study of Rove they provide a rarely seen view of the politics of absolute power in Washington how it is acquired expanded and turned to startling ends Specifically they unveil how Rove Used lobbyist Jack Abramoff as a cat's paw to manage unruly legislators Energetically led the antigay marriage movement while protecting a family secret that made his stance bizarrely cynical Turned Christian churches into a gigantic vote delivery system despite privately admitting to being a nonbeliever Repeatedly leaked information to harm political opponents making him the man investigators most wanted to talk to when they began probing the Plame affair Was intimately involved in an international disinformation scheme to lead America to war *The Architect* is an eye opening and frequently shocking report on the maneuverings of a brilliant but morally ambiguous political strategist and the first ever in depth look at a political operative striving to absolutely control the future even if he risks
