Anne Frank And The Remembering Tree:

Anne Frank and the Remembering Tree Sasso, Sandy Eisenberg, 2015-03-01 In most windows I saw people working and children playing When the soldiers came people began covering their windows so I couldn't see inside anymore But the tiny attic window of the narrow brick house behind Otto Frank's business offices had no shade For a long time the rooms were empty Then one day Otto's whole family came to live there They called their new home the Secret Annex A story of Anne Frank who loved a tree and the tree who promised never to forget her This book is co published with the Children's Museum of Indianapolis chosen by the Anne Frank Center as the first U.S. recipient of a sapling from the tree outside of the Secret Annex window the tree is the narrator in the book

Holocaust

Cinema Complete Rich Brownstein, 2021-09-17 Holocaust movies have become an important segment of world cinema and the de facto Holocaust education for many. One quarter of all American produced Holocaust related feature films have won or been nominated for at least one Oscar. In fact from 1945 through 1991 half of all American Holocaust features were nominated. Yet most Holocaust movies have fallen through the cracks and few have been commercially successful. This book explores these trends and many others with a comprehensive guide to hundreds of films and made for television movies. From Anne Frank to Schindler's List to Jojo Rabbit more than 400 films are examined from a range of perspectives: historical, chronological, thematic, sociological, geographical, and individual. The filmmakers are contextualized including Charlie Chaplin, Sidney Lumet, Steven Spielberg, Quentin Tarantino, and Roman Polanski. Recommendations and reviews of the 50 best Holocaust films are included along with an educational guide, a detailed listing of all films covered, and a four-part index glossary.

Famous Trees Nakoa Rainfall, AI, 2025-02-19 Famous Trees explores the captivating stories of trees that have shaped history, inspired legends, and symbolized cultural values. These silent giants are not just passive elements but active participants in the human story. The book reveals the historical significance of trees in landmark events, their role in cultural narratives, and the symbolic power they hold across civilizations. For example, ancient olive trees of the Mediterranean are venerated for their role in mythology and sustenance. The book posits that individual trees can function as living monuments embodying pivotal moments and cultural values. It unfolds in three sections: introducing the concept of famous trees, delving into specific case studies, and synthesizing broader conclusions about the human-tree relationship. By examining historical accounts, dendrochronological data, and folkloric traditions, Famous Trees offers insights into the past and a renewed appreciation for nature's enduring power. Targeted towards history enthusiasts and nature lovers, the book adopts a narrative non-fiction style, blending rigorous research with engaging storytelling. It emphasizes the importance of environmental stewardship and preserving these living monuments for future generations. The book's approach makes it a unique and valuable resource for understanding the intersection of natural history and human culture.

In Motion Tony Hiss, 2017-10-18 In this extraordinarily wide-ranging insightful and revelatory book, Tony Hiss is the much-praised author of *The Experience of Places*, which delves into a unique and instantly recognizable though previously undescribed experience that can happen to us when we travel: a special understanding and ability that can leave us feeling exhilarated. He illustrates how throughout human history, from our ancestors walking upright for the first time to astronauts walking on the moon, we have repeatedly availed ourselves of this seemingly elusive quality which he calls Deep Travel. The sensation of Deep Travel can overtake us, Hiss says, whenever we tap into a sophisticated wide-awake awareness we all possess. With a wealth of examples from evocative accounts of his own journeys to celebrated travel writing across the centuries, Hiss identifies and rescues this powerful capacity and sets out simple techniques for accessing it, no matter where we are. And this is only a jumping-off point for an original and penetrating explanation of how Deep Travel radically alters our perception of not only where we are but

also when we are by placing us in an extended present and how it acts as an open sesame to enlarge and enrich the world around us Going even further he investigates how we can remain absolutely still but travel in time itself as our horizons move backward to include layers of nature and human culture that have gone before or project us forward to consider what our actions will mean to those who will inhabit our spot on earth a few generations from now Whether travel takes you around the corner or around the world once you've read *In Motion* no journey will ever feel the same *Mobituaries* Mo Rocca, 2019-11-05 From beloved CBS Sunday Morning correspondent and humorist Mo Rocca a rigorously researched funny and smart Jon Stewart book that celebrates the dead people who have long fascinated him Mo Rocca has always loved obituaries reading about the remarkable lives of global leaders Hollywood heavyweights and innovators who changed the world But not every notable life has gotten the send off it deserves His quest to right that wrong inspired *Mobituaries* his 1 hit podcast But here in this delightful hilarious romp through history Booklist he has gone much further with all new essays on artists entertainers sports stars political pioneers founding fathers and more Even if you know the names you've never understood why they matter until now Take Herbert Hoover before he was president he was the Great Humanitarian the man who saved tens of millions from starvation But after less than a year in the White House the stock market crashed and all the good he had done seemed to be forgotten Then there's Marlene Dietrich well remembered as a screen goddess less remembered as a great patriot Alongside servicemen on the front lines during World War II she risked her life to help defeat the Nazis of her native Germany And what about Billy Carter and history's unruly presidential brothers Were they never do well liabilities or secret weapons Plus Mobits for dead sports teams dead countries the dearly departed station wagon and dragons Yes dragons Rocca is an expert researcher and storyteller who offers joy for curious minds Walter Isaacson 1 New York Times bestselling author of *Steve Jobs* and *Leonardo da Vinci* and with his dogged reporting and trademark wit he brings these men and women back to life like no one else can In our fact challenged times Rocca's joyful tour through the didja know's of history is an unexpected antidote *The New Yorker* *The Closing of the Gates* Rabbi Lawrence A. Hoffman, PhD, 2018-05-29 Nilah the closing of the gates is in many ways the most anticipated worship service in the entire Jewish calendar Coming at the end of the 24 hour fast that characterizes Yom Kippur The Day of Atonement it symbolizes the days of old when the gates of the ancient Temple closed at last and with them the last chance for prayers of atonement and reconciliation with God and with others Nowadays the synagogue service that replaced the Temple cult marks the occasion with heightened fervor the only time all year when the gates of the ark that houses the Torah scroll remain open throughout the service telltale melodies accompany the occasion a final blast of the shofar the ram's horn symbolizes the end of the fast and the new beginning that follows special prayers celebrate the human capacity to create a life that matters beyond our own mortality and the presence of God who reaches out a hand to invite us into the new Jewish year that Nilah's final shofar blast inaugurates All of this is the topic for volume eight in *Prayers of Awe* the series devoted to exploring the depth of the Jewish

High Holy Days As with prior volumes this one too comes with introductory essays on the history theology and deeper meaning behind the prayer experience It then assembles some 40 short and accessible essays designed to unlock the mystery and depth of the occasion Authors come from all walks of life clergy and laypeople scholars and artists men and women across the generations and from seven countries Canada Australia Germany France Israel the UK and USA What music appreciation is to classical music this series on prayer is to Jewish worship This volume in particular explores Judaism s timeless message of divine purpose and the ongoing search for meaning in a world of human frailty but also promise
