Obligation An obligation is a course of action that someone is required to take whether legal or moral At six years old Myla was sent to a family her father and mother had chosen for her when they knew their time on earth was almost up What they were unaware of was what they thought would be her safe haven would become her living hell Kai has been watching Myla

from afar since he took over the family business from his father and inherited the responsibility of keeping her safe When word gets back to Kai that Myla is not only in danger but that his assets are being compromised he immediately jumps into action and does the only thing that can be done at the time by marrying her Neither Myla nor Kai would have thought that something that started off as a farce would become the most important thing either of them could ve ever done Distraction The great intensity novelty or attractiveness of something other than the object of attention Sven is a man who takes pride in his ability to separate himself from his emotions He s a man who knows who he is and where he s going in life a man who needs no one because needing someone anyone is a weakness His past taught him love isn t enough Maggie wants the happily ever after but has never picked the right men or stuck around long enough to build a forever It s always been easier to get out early before emotions make things messy When Maggie wakes up naked in Sven s bed with no memory of the night before these two must be honest about their feelings and face their fears so they can build a future together Will love be enough for them to get their happy ending together or will a threat from outside strike them down before they ever have a chance Infatuation A feeling of foolish or obsessively strong love for admiration for or interest in someone or something a strong and unreasoning attachment From the moment Justin sees the beautiful blonde living in the apartment below his he becomes curious and over time that curiosity turns into an obsession When the moment finally strikes for him to make a move will he take it
