Between Two Trailers J. Dana Trent, 2024-04-16 A powerful unforgettable memoir about a girl who escapes her childhood as a preschool drug dealer in rural Indiana only to find that no one can really make it out until they make peace with where their story began home Home it turns out is where the war is It s also where the healing begins Dana Trent is only a preschooler the first time she uses a razor blade to cut up weed and fill dime bags for her schizophrenic father King While King struggles with his unmedicated psychosis Dana s mother the Lady a cold and self absorbed woman whose personality disorders rule the home guards large bricks of drugs from the safety of their squalid trailer But when the Lady impulsively plucks Dana from the Midwest and moves the two of them south their fresh start results in homelessness and bankruptcy In North Carolina Dana becomes torn between her gritty midwestern past and her newfound desire to be a polite southern girl struggling to reconcile her shame with an ache to figure out who she is and where she belongs But the past is never far behind After persevering through childhood and eventually graduating from Duke University Dana imagines that her hidden Indiana life is finally behind her only to realize that running from her upbringing has kept her from making peace with the people and places that shaped her Ultimately Dana finds that though love for family is universally complicated there is no shame in survival and for those who want it there is always a path home White Trash Annalee Newitz, Matt

Stephens,2017-07-10 Money is the root of all evil It causes greed splits families and ruins lives Brian finds this out firsthand Throughout his life not having a lot of money he was under the impression that money would make him happy With Brian having several children and a wife he figures that he would be able to give his children a better life if he had more money His numbers come up and he wins the jackpot Investing the money and growing his newfound business the greed kicks in He wants more He makes it seem as if he is doing it to help people but it s all about the bottom line He expands at such a rapid pace that he starts taking out small businesses at first Trying to balance family and business he makes sure that what people see is a happy family but it s just an illusion There is no limit to where he goes or how he gets there nothing is off limits with him His line of new friends are all people with power or money people who could help him achieve his goal of obtaining more money Avoiding tragedies in his own life because his life is so focused on the money even his children try to get him to focus on dealing with life When the ultimate tragedy strikes reality hits him like a ton of bricks and his world is turned upside down He falls into a depression His friend comes over and talks him out of the depression and has him focus on what he has right in front of him At that point he realizes the damage that the money has caused and he spends the money necessary to try to avoid it happening to other families He finally realizes that true happiness lies beyond money *Alternative Disposition to Juvenile Incarceration* United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Juvenile Justice,1983 Singlewide Sonya Salamon,Katherine MacTavish,2017-10-15 In Singlewide Sonya Salamon and Katherine MacTavish explore the role of the trailer park as a source of affordable housing America s trailer parks most in rural places shelter an estimated 12 million people and the authors show how these parks serve as a private solution to a pressing public need Singlewide considers the circumstances of families with school age children in trailer parks serving whites in Illinois Hispanics in New Mexico and African Americans in

North Carolina By looking carefully at the daily lives of families who live side by side in rows of manufactured homes Salamon and MacTavish draw conclusions about the importance of housing community and location in the families dreams of opportunities and success as signified by eventually owning land and a conventional home Working poor rural families who engage with what Salamon and MacTavish call the mobile home industrial complex may become caught in an expensive trap starting with their purchase of a mobile home A family that must site its trailer in a land lease trailer park struggles to realize any of the anticipated benefits of homeownership Seeking to break down stereotypes Salamon and MacTavish reveal the important place that trailer parks hold within the United States national experience In so doing they attempt to integrate and normalize a way of life that many see as outside the mainstream suggesting that families who live in trailer parks rather than being trailer trash culturally resemble the parks neighbors who live in conventional homes
