S For Third Graders:

Arts Instruction of Public School Students in the First and Third Grades Gregory Kienzl, 2006 This Issue Brief uses the First and Third Grade Spring Teacher Questionnaires of the Early Childhood Longitudinal Study Kindergarten Class of 1998 99 ECLS K to examine public school students' receipt of arts instruction in first and third grade and the changes in weekly arts instruction between these grades. The study also looks at differences in these characteristics by community type and by school poverty status. School Discipline, Classroom Management, and Student Self-Management Howard M. Knoff, 2012-06-12 An integrated comprehensive approach to positive behavioral supports and interventions. How do you help students who act out or shut down due to academic frustration or whose social and emotional issues keep them from achieving success in school? Based on Project ACHIEVE, a nationally recognized model of school effectiveness and continuous improvement program, this book shows you how Educators will find a pragmatic, easy-to-follow blueprint for Positive Behavior Support Systems (PBSS) implementation that integrates academics, instruction, and achievement with discipline, behavior management, and student self-management. Award-winning author Howard M. Knoff provides guidance on implementing a schoolwide discipline and safe schools program, teaching students interpersonal social problem-solving, conflict prevention and resolution, and emotional coping skills. Guiding professional development, staff and student buy-in, and evaluation. Strengthening parent and community outreach and involvement. Included are classroom charts and posters, implementation steps, and worksheets and action plans and checklists. Case studies from more than 20 years of research and practice demonstrate how the book's strategies create positive climates, pro-social interactions, and effective management approaches from classroom to common school areas. The results: The students involved are more cooperative and academically engaged, have fewer disciplinary problems, are more socially successful, and earn higher grades and test scores. **Biennial Report of the Superintendent of Public Instruction of the State of Wisconsin** Wisconsin.
