Tomorrow Sex Will Be Good Again Katherine Angel,2021-03-02 Women are in a bind In the name of consent and empowerment they must proclaim their desires clearly and confidently Yet sex researchers suggest that women s desire is often slow to emerge And men are keen to insist that they know what women and their bodies want Meanwhile sexual violence abounds How can women in this environment possibly know what they want And why do we expect them to In this elegant searching book spanning science and popular culture pornography and literature debates on Me Too consent and feminism Katherine Angel challenges our assumptions about women s desire Why she asks should they be expected to know their desires And how do we take sexual violence seriously when not knowing what we want is key to both eroticism and personhood In today s crucial moment of renewed attention to violence and power Angel urges that we remake our thinking about sex pleasure and autonomy without any illusions about perfect self knowledge Only then will we fulfil Michel Foucault s teasing promise in 1976 that tomorrow sex will be good again

The Ethics of Sex and Alzheimer's John Portmann,2013-07-18 A growing epidemic Alzheimer s punishes not only its victims but also those married to them This book analyzes how Alzheimer s is quietly transforming the way we think about love today Without meaning to become rebels many people who find themselves married to Alzheimer s deflate the predominant notion of a conventional marriage By falling in love again before their ill spouse dies those married

to Alzheimer's come into conflict with central values of Western civilization: personal, sexual, familial, religious, and political. Those who wait sadly for a spouse's death must sometimes wonder if the show of fidelity is necessary and whom it helps. Most books on Alzheimer's focus on those who have it as opposed to those who care for someone with it. This book offers a powerful and searching meditation on the extent to which someone married to Alzheimer's should be expected to suffer loneliness. The diagnosis of dementia should not amount to a prohibition of sexual activity for both spouses. Portmann encourages readers to risk honesty in assessing the moral dilemma using high-profile cases such as Nancy Reagan and Justice Sandra Day O'Connor to illustrate the enormity of the problem. Ideal for classes considering the ethics of aging and sexuality.

Seducing Emma Rory Hitch, 2018-03-15 I want to but I'm scared. A beautiful and innocent blonde wishing that someone would help her lose her virginity. A voluptuous bisexual brunette out for some fun. A handsome young man with time to kill. Chance brings them together and when the brunette devises an unusual plot to get exactly what she wants, everyone is satisfied. However, things are not always what they seem. Discover what happens when innocence and desire collide. Explicit scenes of love between three beautiful people mean that this story is strictly adults only.
