The Innovation Manual David Midgley, 2010-12-03 The Innovation Manual provides a solution to the problems faced by those at the forefront of innovation It takes you through the seven topics that have the highest impact on the success of value innovation be this innovation a new product a new service or a new business model The seven topics are Creating advantage in the minds of many Chartering innovation within the organization Preparing developing and supporting the right team Placing customers at the centre of innovation Changing the organization to deliver the innovation Motivating the right partners and sharing the returns Building momentum in the market Each topic is linked to an organized toolkit that allows managers to apply this knowledge immediately The tools sit within an overall framework to show how they build on and reinforce one another Along with this the book guides busy managers on applying the tools properly detailing the relevance of each for specific industries and how to customize them when necessary

The Unauthorized Guide to iPhone, iPad, and iPod Repair Timothy L. Warner, 2013 The FIRST book of its kind this groundbreaking 4 colour book thumbs its little nose at Apple s warranties and shows you how to crack open and repair your iPhones iPads and iPods

CSS: The Missing Manual David Sawyer McFarland, 2006-08-24 Web site design has grown up Unlike the old days when designers cobbled together chunky HTML bandwidth hogging graphics and a prayer to make their sites look good Cascading Style Sheets CSS now lets your inner designer come out and play But CSS isn t just a tool to pretty up your site it s a reliable method for handling all kinds of presentation from fonts and colors to page layout CSS The Missing Manual clearly explains this powerful design language and how you can use it to build sparkingly new Web sites or refurbish old sites that are ready for an upgrade Like their counterparts in print page layout programs style sheets allow designers to apply typographic styles graphic enhancements and precise layout instructions to elements on a Web page Unfortunately due to CSS s complexity and the many challenges of building pages that work in all Web browsers most Web authors treat CSS as a kind of window dressing to spruce up the appearance of their sites Integrating CSS with a site s underlying HTML is hard work and often frustratingly complicated As a result many of the most powerful features of CSS are left untapped With this book beginners and Web building veterans alike can learn how to navigate the ins and outs of CSS and take complete control over their Web pages appearance Author David McFarland the bestselling author of O Reilly s Dreamweaver The Missing Manual combines crystal clear explanations real world examples a dash of humor and dozens of step by step tutorials to show you ways to design sites with CSS that work consistently across browsers You ll learn how to Create HTML that s simpler uses less code is search engine friendly and works well with CSS Style text by changing fonts colors font sizes and adding borders Turn simple HTML links into complex and attractive navigation bars completely with CSS only rollover effects that add interactivity to your Web pages Style

images to create effective photo galleries and special effects like CSS based drop shadows Make HTML forms look great without a lot of messy HTML Overcome the most hair pulling browser bugs so your Web pages work consistently from browser to browser Create complex layouts using CSS including multi column designs that don't require using old techniques like HTML tables Style Web pages for printing Unlike competing books this Missing Manual doesn't assume that everyone in the world only surfs the Web with Microsoft's Internet Explorer our book provides support for all major Web browsers and is one of the first books to thoroughly document the newly expanded CSS support in IE7 currently in beta release Want to learn how to turn humdrum Web sites into destinations that will capture reviewers and keep them longer Pick up CSS The Missing Manual and learn the real magic of this tool
