Jack Davidson, 2017-01-22 Apple Watch Series 2 Seniors is a very useful companion for the aging persons who love their independent lifestyle. With elegance as the front and center of this device and innumerable functionalities, Apple Watch removes the stigma related to emergency button bands and necklaces that the seniors detest. Apple Watch Series 2 can be both a lifesaver and a health tracker for the elderly people themselves and a remote healthcare tracker for their caregivers. With such a high-tech piece of accessory round their wrist, they'll feel much more confident and independent in their daily lives. At the same time, they'll feel more secure and the caregivers will feel more certain about their wellbeing. *Apple Watch Series 5: The iWatch Beginners, Dummies and Seniors' Guide with In-Depth Tips, Tricks and Tutorials on How to Master the New WatchOS 06* Jhale Binjeh, 2019-12-13 Apple Watch Series 5 is the latest Smartwatch in the Apple lineup. It offers several unique features to make the users more active and better monitor their health among several other great features for humanity. This high-end Smartwatch could be useful for business users including improved travel notifications and call capabilities. The Apple Watch looks pretty attractive, right? People have told you all about the cool features like if you fall or are in danger, it would automatically call for help on your behalf. They've told you about how you can send a text from your wrist, how you can make a phone call, and many more. As amazing as all the new features are, it's not quite as easy to use as an iPhone. The lack of buttons, the smaller screen, and general UI can make a frustrating initial experience. It looks nothing like the iPhone or iPad interface you are used to, except for a handful of icons.

Tensions escalate as Israel discovers Turkey is harboring Hamas leaders. Despite the Turkish president's warnings, the Mossad guns for these leaders in Turkey and in other parts of the Islamic world. Furious and humiliated by these targeted killings, Turkey's president, backed by Russia and Iran, plans to retaliate by destroying Israel's gas fields with massive drone strikes. Nir Tavor's team is called to action to prevent the attack. With Israel's energy future at stake and deadly adversaries uniting against the country, Nir and his team face their most dangerous battle for survival against forces determined to see the Jewish nation fall. As Nir's team races against time and relentless foes, an unforeseen global crisis is about to unfold, one that will shock the world and leave Nir reeling and searching for answers.
