

The book cover features a dynamic illustration of a space shuttle launching. The shuttle is white with a prominent orange band around its midsection and is angled upwards towards the top left. A large, billowing plume of white smoke and fire trails behind it. In the background, a tall, silver launch tower stands vertically. To the right of the tower, another shuttle is visible, positioned vertically. The sky is a deep blue with wispy white clouds. The title 'Applied Circuit Analysis' is printed in a large, white, sans-serif font at the top. Below it, the words 'solution manual' are written in a bold, red, sans-serif font. The authors' names are listed at the bottom in a smaller white font. The book's spine is visible on the right, showing a continuation of the launch scene and the title.
