mitigate cognitive motor and social impairments stemming from genetic or environmental factors

Recent Advances in Assistive Technologies to Support Children with Developmental Disorders raises awareness of disabled children and what can be done to help them grow and develop alongside their peers Bringing together personal experiences with academic investigation this book is an essential reference for doctors pediatricians pre and primary school educators and scientists working to enhance the impact assistive technologies have on the youngest members of society The Case of the iPad Cathy Burnett, Guy Merchant, Alyson Simpson, Maureen Walsh, 2017-07-06 This book brings together an international group of literacy studies scholars who have investigated mobile literacies in a variety of educational settings Approaching mobility from diverse theoretical perspectives the book makes a significant contribution to how mobile literacies and tablets in particular are being conceptualised in literacy research The book focuses on tablets and particularly the iPad as a prime example of mobile literacies setting this within the broader context of literacy and mobility The book provides inspiration and direction for future research in mobile literacies based upon 16 chapters that investigate the relationship between tablets and literacy in diverse ways Together they address the complex and multiple forces associated with the distribution of the technologies themselves and the texts they mediate and consider how apps adults and children work together as iPads enter the mesh of practices and material arrangements that constitute the institutional setting **The Customer Experience Manual** Alan Pennington, 2016-09-12 The Customer Experience Book helps you understand where you are now what to do and how to improve for your business From Customer Journey Mapping to using Big Data this is the ultimate Customer Experience manual for businesses whatever the size of your company Digital Phenotyping/Digital Biomarkers to Monitor Psychiatric Disorders Jennifer H. Barnett, Qiang Luo, Martin J. Sliwinski, Raz Gross, 2022-08-29 Digital Dieting Tara Brabazon, 2016-04-22 Imagine if a student spent as much time managing information as celebrities doted on dieting While eating too much food may be the basis of a moral panic about obesity excessive information is rarely discussed as a crisis of a similar scale Obviously plentiful and high quality food is not a problem if eating is balanced with exercise But without the skills of media and information literacy students and citizens wade through low quality online information that fills their day yet does not enable intellectual challenge imagination and questioning Digital Dieting From Information Obesity to Intellectual Fitness probes the social political and academic difficulties in managing large quantities of low quality information But this book does not diagnose a crisis Instead Digital Dieting provides strategies to develop intellectual fitness that sorts the important from the irrelevant and the remarkable from the banal In April 2010 and for the first time Facebook received more independent visitors than Google Increasingly there is a desire to share rather than search But what is the impact of such a change on higher education If students complain that the reading is too hard then one response is to make it easier If students complain that assignments are too difficult then one way to manage this challenge is to make the assignments simpler Both are passive responses that damage the calibre of education and universities in the long term

Digital Dieting From Information Obesity to Intellectual Fitness provides active conscious careful and applicable strategies to move students and citizens from searching to researching sharing to thinking and shopping to reading
