A school nurse is assessing a school aged child who experienced the traumatic loss of a parent 8 months ago. Which of the following findings should the nurse identify as an indication that the child is experiencing post traumatic stress disorder (PTSD)

1. Clinging behaviors directed toward a teacher
2. Increased time spent sleeping
3. Intense focus on school work
4. Lack of interest in an upcoming holiday - **ANS** Correct = 4. Lack of interest in an upcoming holiday

The child who has PTSD will have negative moods and difficulty remembering aspects of the traumatic event. The child can also have a loss of interest or lack of participation in significant activities and events (e.g., Holidays)

*PTSD manifestations seen in children include detachment or estrangement from others, difficulty sleeping/distressing dreams, difficulty concentrating on tasks

A nurse is caring for a group of clients. Which of the following finding should the nurse report?

1. A client who is taking clozapine and has a WBC count of 7,500
2. A client who is taking lamotrigine and has developed a rash
3. A client who is taking valproate and has a platelet count of 150,000
4. A client who is taking lithium and has a lithium level of 1.2 - **ANS** Correct = 2. A client who is taking lamotrigine and has developed a rash

Lamotrigine is an anticonvulsant medication that is used as a mood stabilizer. The nurse should identify that a rash is a potentially life threatening adverse effect of the medication and report the finding immediately

A nurse is reviewing laboratory results for a client who has schizophrenia and is taking clozapine. Which of the following values should the nurse identify as contraindication for receiving clozapine?

1. WBC count 2,500

Creating & Sustaining Civility in Nursing Education, 2nd Ed. Cynthia Clark, PhD, RN, ANEF, FAAN, 2017-03-14 This highly anticipated fully revised second edition revisits and augments the award winning *Creating Sustaining Civility in Nursing Education*. In this comprehensive new edition author Cynthia Clark explores the problem of incivility within nursing academe and provides practical solutions that range from ready to use teaching tools to principles for broad based institutional change. She further explores the costs and consequences of incivility its link to stress ways to identify the problem and how to craft a vision for change including bridging the gap between nursing education and practice. Rather than dwell on the negative this book focuses on solutions including role modeling and mentoring stress management and positive learning environments. Nurse educators at all levels will appreciate the variety of evidence based strategies that faculty and students can implement to promote and maintain civility and respect in the education setting including online learning.

An Integrative Paradigm for Mental Health Care James H. Lake, 2019-05-28 This crucial volume provides a concise overview of the conceptual foundations and clinical methods underlying the rapidly emerging subspecialty of integrative mental healthcare. It discusses methods for guiding practitioners to individualized integrative strategies that address unique symptoms and circumstances for each patient and includes practical clinical techniques for developing interventions addressed at wellness prevention and treatment. Included among the overview: Meeting the challenges of mental illness through integrative mental health care; Evolving paradigms and their impact on mental health care; Models of consciousness: How they shape understandings of normal mental functioning and mental illness; Foundations of methodology in integrative mental health care; Treatment planning in integrative mental health care; The future of mental health care. A New Paradigm for Integrative Mental Healthcare is relevant and timely for the increasing numbers of patients seeking integrative and alternative care for depressed mood anxiety ADHD bipolar disorder schizophrenia and other mental health problems such as fatigue and chronic pain. Patients are crying out for a more integrative approach and this exemplary book provides the template for achieving such a vision. Jerome Sarris MHS PhD ND For most conventionally trained clinicians the challenge is not does CAM work but how do I integrate CAM into my clinical practice. Lake's comprehensive approach answers this central question enabling the clinician to plan truly integrative and effective care for the mind and body. Leslie Korn PhD MPH
