Musical Maryland is an engaging authoritative and bold look at an endlessly compelling subject Tradition, Urban Identity, and the Baltimore "Hon" David J. Puglia, 2018-09-15 Baltimoreans have garnered a reputation for greeting one another by tagging hon to their speech In the late twentieth and early twenty first century this small piece of local dialect took center stage in a series of rancorous public debates over the identity associated with Baltimore culture Each time controversy followed leading to consequences ranging from protests and boycotts to formal legislative action Hon brought into focus Baltimore s past and future by symbolizing lingering divisions of race class gender and belonging in the midst of campaigns to unify and modernize the city While some decried hon and the Hon as embarrassing others hailed the word and the related image of a down to earth blue collar woman as emblematic of the authentic Baltimorean This book tells the story of the battles that flared over the attempts to use hon to construct a citywide local tradition and their consequences for the future of local culture in the United States
