behavior in the line

Directions: Copy the paragraph in your best handwriting.

Today I forgot how to behave in the line. I can't believe I did that. It is really embarrassing. I know that my teacher expects me to have my hands behind my back, my eyes facing the front, and my mouth closed as we walk down the hall. I want to be proud of the way my class behaves in the hallway. We are smart and we need to show it all the time. I want people to always be able to tell what great parents I have by the way I control myself. I know I will do better from now on. It is really very simple to behave in line.

knowledge skills and experiences in working with students and adults that have varying disabilities including Autism
Spectrum Disorders ASD Since Board Certification for behavior analysts was introduced there has been an expansion of
training programs in Applied Behavior Analysis to meet the demands from school districts health insurers and families In
spite of these developments a case studies book has not been available that uses the Behavior Analyst Certification Board
Task List Fifth Edition BACB guidelines for educating individuals receiving their BCBA or for those in the field such as
teachers and service providers The goal of this book is to fill that need In this newly revised second edition eighteen case
studies are provided case studies with complete analysis case studies with partial analysis and case studies without analysis
The first six cases present a complete analysis which allows the reader to analyze and develop a comprehensive Positive
Behavior Support Plan containing detailed answers and supporting data systems The second six case studies include the
areas from the BACB Task List and the items are most relevant for analysis but the analysis is not complete This enables the
reader to complete the analysis themselves which will promote skill building The final six case studies do not contain an
analysis or guideline This allows the reader to further develop their skills by creating their own guidelines for analysis and
implementing their plan The use of this text will improve the comprehensive analysis and coverage of the developing
supports for individuals with disabilities provide direct applicability to applied settings and the ability to use the case studies
for assignments and or exams The format readability and detailed description of instructional methodology makes this text a
