Inge's War Svenja O'Donnell, 2020-04-28. An extraordinary saga. David Grann, New York Times bestselling author of *Killers of the Flower Moon*. The mesmerizing account of a granddaughter's search for a World War II family history hidden for sixty years. Growing up in Paris as the daughter of a German mother and an Irish father, Svenja O'Donnell knew little of her family's German past. All she knew was that her great-grandparents, grandmother and mother, had fled their home city of Königsberg near the end of World War II, never to return. But everything changed when O'Donnell traveled to the city now known as Kaliningrad and a part of Russia and called her grandmother, who uncharacteristically burst into tears. "I have so much to tell you," Inge said. In this transporting and illuminating book, the award-winning journalist vividly reconstructs the story of Inge's life from the rise of the Nazis through the brutal postwar years, from falling in love with a man who was sent to the Eastern Front just after she became pregnant with his child, to spearheading her family's flight as the Red Army closed in on her young daughter-in-law. Ultimately, O'Donnell uncovers the act of violence that separated Inge from the man she loved, a terrible secret hidden for more than six decades. A captivating World War II saga, *Inge's War* is also a powerful reckoning with the meaning of German identity and inherited trauma. In retracing her grandmother's footsteps, O'Donnell not only discovers the remarkable story of a woman caught in the gears of history but also comes face to face with her family's legacy of neutrality and inaction, and offers a rare glimpse into a reality too long buried by silence and shame. *Host Bibliographic Record for Boundwith Item Barcode 30112113999137*, 1909. **Jews and Jazz** Charles B. Hersch, 2016-10-14. *Jews and Jazz: Improvising Ethnicity* explores the meaning of Jewish involvement in the world of American jazz. It focuses on the ways prominent jazz musicians like Stan Getz, Benny Goodman, Artie Shaw, Lee Konitz, Dave Liebman, Michael Brecker, and Red Rodney have engaged with jazz in order to explore and construct ethnic identities. The author looks at Jewish identity through jazz in the

context of the surrounding American culture believing that American Jews have used jazz to construct three kinds of identities to become more American to emphasize their minority outsider status and to become more Jewish From the beginning Jewish musicians have used jazz for all three of these purposes but the emphasis has shifted over time In the 1920s and 1930s when Jews were seen as foreign Jews used jazz to make a more inclusive America for themselves and for blacks establishing their American identity Beginning in the 1940s as Jews became more accepted into the mainstream they used jazz to re minoritize and avoid over assimilation through identification with African Americans Finally starting in the 1960s as ethnic assertion became more predominant in America Jews have used jazz to explore and advance their identities as Jews in a multicultural society
