Belief Without Borders Linda A. Mercadante, 2014-04 A dramatic rise in none individuals without religious affiliation has taken place in less than two decades Many of these people are seekers who self identify as spiritual but not religious SBNR In Belief without Borders theologian Linda Mercadante once an SBNR herself sets out to find them and let them speak for themselves

The Seeking Heart Ian Mobsby, 2025-01-28 In the contemporary church the word mission has become synonymous with pace expansion and results Yet such an approach can often leave those with responsibilities in mission or ministry feeling exhausted and overwhelmed Not only that but mission which focuses on the rapid and the growing fails to recognise the rich resources the more contemplative Christian traditions can offer our post secular society and especially those who would call themselves spiritual but not religious

Thomas Merton and the Individual Witness David E Oberson, 2024-09-26 Thomas Merton proclaimed over sixty years ago that we were living in a post Christian world Since then in an increasingly secular society where the influence of the institutional church is under doubt Thomas Merton s reflections are more salient than ever David Oberon s discussion and analysis brings this mystic monk and spiritual leader s view of the opportunities presented to Christians by cultural changes to the forefront focussing on how the individual s witness can take precedence Oberon situates the reader in the current cultural context and handles Merton s work with care and clarity He illuminates Thomas Merton s unique view of his own society which credibly speaks to our present aiding Christians in navigating a post Christian post truth world

There s a quiet revolution happening More and more people are waking up to a profound truth one that defies conventional thinking shatters outdated beliefs and challenges everything

we've been taught about money. Wealth is not earned. It's aligned. For generations we've been conditioned to believe that financial success is reserved for a select few. That you must grind endlessly, sacrifice your joy, and climb some invisible ladder, one exhausting step at a time, to maybe someday achieve freedom. But here's what that old narrative doesn't tell you: You are already connected to an infinite source of abundance. You are already worthy of overflow, ease, and expansion. And you don't have to chase money; you can attract it naturally and powerfully by tuning into the truth of who you really are. This book is your invitation to remember that truth. What You'll Discover Inside: Law of Attraction Wealth Without Limits is not just another guide about how to get rich. It's a complete system for activating wealth from the inside out. You'll learn how to harness the universal laws that govern abundance. Shift your mindset from lack to limitless. Reprogram your subconscious beliefs around money. Cultivate the emotional frequency of prosperity. Take inspired action that aligns with your purpose. Release fear, guilt, shame, and scarcity once and for all. This is about more than just manifesting money. It's about becoming someone who lives in harmony with abundance on every level: financially, spiritually, emotionally, and energetically. Why This Matters Now: You were not born to survive. You were born to thrive. You were not placed on this planet to worry about bills, fear the future, or shrink your desires just to fit in. You are here to expand, to create, to serve, to give, and to receive fully. But to do that, you must first reclaim your power, your ability to consciously attract and co-create wealth in alignment with your highest self. Now more than ever, the world needs people like you: awake, abundant, generous, and free. A Personal Note to You: As you turn these pages, I invite you to read with an open heart. Be willing to challenge everything you thought you knew about money. Be willing to meet parts of yourself you may have ignored, buried, or doubted. And most of all, be willing to believe that limitless wealth is not only possible for you; it's already available. You don't need to become someone else. You just need to become more of who you already are. This book is your map back to that version of you. Let's begin the journey.

Ever Hear of Feuerbach? Mark Ellingsen, 2020-10-13 Christianity is in decline in North America and Europe. Polls indicate that in the US, the fastest growing segment of the American population is the religiously unaffiliated, the so-called Nones. Why is this happening? Mark Ellingsen calls our attention to a previously overlooked reason: the flawed theology and Christian education material used in most mainline churches. These approaches forfeit the transcendence of God. They logically fall prey to the claim of German philosopher Ludwig Feuerbach and his student Karl Marx: that Christianity is nothing more than a bunch of teachings that human beings have made up. Insofar as this is a message the public has been hearing, little wonder Christianity in America and Europe is losing ground. Though his main concern is to get church and academy talking about this problem and to prod us to do something about it, Ellingsen proposes a way out of this mess. Drawing on insights from the neo-orthodox, postliberal, progressive, evangelical, and black church traditions, he offers a proposal that succeeds in making clear that God is more than how we experience him. He invites readers to explore with him the exciting possibility that a theological use of the scientific method could be employed to make a case for the plausibility of

Christian faith **Secularism and the Pursuit of Transcendence, Volume I** Stanley E. Porter, Wendy J.

Porter, 2025-02-20 We live in a secular age or so we have been told Nevertheless the Christian church strongly believes that we still experience and in fact are surrounded by acts of transcendence encounters with God that often defy imagination and explanation And yet we do try to explain such phenomena whether theologically experientially biblically historically philosophically literarily or even or especially artistically These two volumes are more than just papers from a major conference on secularism and the pursuit of transcendence held at McMaster Divinity College in Hamilton Ontario They contain genuine attempts by people deeply engaged with their secular surroundings to explain what we mean by transcendence Transcendence has been a longstanding topic among the best thinkers of this and previous ages and the same is true for these volumes which include contributions by Charles Taylor Robert Wuthnow Merold Westphal and Christina Gschwandtner but also by a wide range of others who address the question from divergent vantage points The responses vary as much as the orientations of those involved in the pursuit of defining not only what it means to live in our secular age but to be involved in the pursuit of transcendence or even to perceive the Transcendent s pursuit of us **Overhearing a**

Christian Apology to the Nones Thomas E. Rodgeron, 2021-11-03 While the steady increase of the religiously unaffiliated Nones in America has generated anxious responses about rising secularism and loss of national identity this book suggests a wider meaning making approach wherein the Nones are seen as valuable dialogue partners necessary in this pivotal moment for the revealing of still hidden truths about culture spirituality and religion Christians who overhear this dialogue may find upon self reflection an emerging truth about their relationships embedded stories level of faith development and susceptibility to a culturally conditioned transactional religion Nones who choose to engage in dialogue may find that the nothingness they bring to the dialogue is more significant than they realize revealing truths of an apophatic spiritual path necessary for generating a transformational faith of freedom and capable of rebalancing a divisive consumer driven society The religious and the not religious who are often seen as being on opposite sides of an imagined religious threshold may instead be seen as standing together in a liminal space that opens in wordless silence to yet unseen possibilities and from which emerge new stories aligned with the heart of Creation **Interactive Pluralism in Asia** Simone Sinn, Tong Wing

Sze, 2016-11-01 In den heutigen multiethnischen und multikulturellen asiatischen Kontexten ist religiöse Vielfalt für viele Gesellschaften kennzeichnend Dieses Buch bietet neue Einblicke in die gegenwärtige Situation des religiösen Lebens in Hongkong Indien Indonesien Japan Malaysia und Myanmar beleuchtet den Einfluss religiösen Engagements im öffentlichen Raum und stellt dar wie christliche Theologie sich mit den gegenwärtigen Realitäten in Asien auseinandersetzt Christliche Theologen aus verschiedenen Denominationen reflektieren in diesem Band auf faszinierende Weise über Rechtfertigung Erlösung den Heiligen Geist und die Trinität und diskutieren die wechselseitigen komplexen Entwicklungen sowohl in und als auch zwischen den asiatischen Gesellschaften und weltweit In today's multi ethnic and multi cultural Asian contexts religious

plurality is one of the hallmarks of many societies This book provides new insights into the current realities of religious life in Hong Kong India Indonesia Japan Malaysia and Myanmar highlights the influence of religious commitment on the public space and examines how Christian theology engages with contemporary realities in Asia Christian theologians of different denominations offer fascinating theological reflections on justification salvation the Holy Spirit and the Trinity and discuss interactions within and between Asian societies as well as with the world at large *Reflections on God and the Death of God* Richard White, 2021-10-31 What is God What does it mean to believe in God What happens to God after the death of God This book examines the death of God from a philosophical standpoint It focuses on monotheism polytheism and nature and it discusses the renewed importance of spirituality and the spiritual but not religious in response to the death of God In recent years religious belief has been in decline but secularism cannot satisfy our spiritual needs We are now living in a post secular age in which the relationship between philosophy spirituality and religion must be re examined As an exploratory essay this book engages the reader at a profound level and considers a variety of modern thinkers including Nietzsche Hegel Freud Levinas Assmann and Buber It offers a sustained meditation on the origin of God the death of God and the future of God as a guiding ideal
